EVERGREENS
Trees, Shrubs and Vines

Bobbink & Atkins
Rutherford New Jersey
INTRODUCTION

IN PRESENTING this revised edition of our Illustrated Catalogue of EVERGREENS, Trees, Shrubs, and Vines we wish to thank our customers for their liberal past patronage and take pleasure in soliciting their further valued orders.

ROSES. Our special Illustrated Rose Catalogue is replete with varieties of Roses for every kind of planting. Mailed upon request.

BUSINESS TERMS AND SUGGESTIONS

CORRESPONDENCE SOLICITED. We give every inquiry careful attention, and ask that each inquiry be made as brief and clear as possible.

ORDER EARLY. It greatly facilitates shipment if orders are received early. Please write orders on Order Sheets accompanying catalogue.

IMPORTANT. Please advise, when ordering, if you wish goods shipped by express or freight, giving best route for quick delivery. We will not warrant prompt delivery of goods shipped by freight. Please write Name, Post Office, County, State, and Number of Street, as plainly as possible; also any other information necessary to expedite delivery.

PRICES in this catalogue are f. o. b. Rutherford, N. J. Packing is charged at cost. Postage will be charged at the rate of 10% on the amount of the bill for packages forwarded by Parcel Post. This catalogue cancels all sales conditions and prices quoted in previous catalogues.

TERMS. Cash or satisfactory references must accompany all orders, unless the party ordering has an open account.

OUR RESPONSIBILITY. While we exercise the greatest care to have our nursery products all genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, we do not give any warranty, expressed or implied, or guarantee them to live and grow or give specific results. In case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. No complaints will be considered that are not made within ten days after the receipt of the stock.

COMPLAINTS. All errors and omissions in the execution of orders will be satisfactorily adjusted, if we are notified immediately upon receipt of goods.

HEAD GARDENERS AND ASSISTANTS. We have a list of competent applicants awaiting engagements. We shall be glad to furnish these names to those requiring the services of trained Horticulturists.

HOW TO REACH OUR NURSERIES. Visitors invited. Our Nurseries, consisting of 500 acres, are located within 8 miles of New York City. The automobile roads leading to our Nurseries are exceptionally fine. All busses leaving the West 42d Street Ferry, New York City, with Paterson as their destination, pass our Nursery on Paterson Avenue, East Rutherford. Rutherford is the first and Carlton Hill the second station on the main line of the Erie Railroad. Take the Hudson Tunnel at 33d Street or at Cortlandt Street Terminal—trains connect with the Erie Railroad at Jersey City. The Carlton Hill Station is only five minutes' walk from our Office and Nurseries.

OUR SHIPPING FACILITIES. We are admirably located to ship to all parts of the country, being only 8 miles from New York City. We can ship by express and freight via Erie Railroad from Rutherford, express or freight via D., L. & W. R. from Passaic, and by Carlton Hill Express Co., which connects with all railroad companies, boat and railroad lines leaving New York City and Newark. We advise large orders to be shipped in car-lots from Rutherford, as little or no delay occurs in shipping this way.

AUTO TRUCK DELIVERY. We are in a position to make deliveries by auto truck to points within 75 miles of Rutherford, N. J. Charges are made according to the size of truck required and the distance. The advantages of truck delivery are many; the cost of boxing, freight and cartage is eliminated; the stock is delivered in a much better condition than if packed in cases; and, above all, the goods are landed on the grounds within a short time after being dug. It is the most satisfactory and economical method of transportation providing the order is of sufficient size.

TRANSPORTATION RULES. Our products are shipped and travel at the purchaser's risk. We do not guarantee safe delivery. Our responsibility ceases when we make delivery to the transportation company or on the grounds of the purchaser. The ownership of all goods sold by us passes to the purchaser on delivery by us to the carrier, and the issuing of a receipt by the carrier ends our responsibility. Any claims for damage should be made promptly to the agent at the point of delivery.

Trusting again to be favored with your patronage and promising our best efforts to give satisfaction, we are,

Yours respectfully,

BOBBINK & ATKINS, Rutherford, N. J.
Evergreens and Conifers

Planting and Cultural Directions

ANY inquiries concerning the proper care of evergreens are continually being addressed to us, so we have prepared the following directions for all who are interested.

All our evergreens are grown in soil which develops a good fibrous root system, and we dig each plant with a ball of earth, which is then securely wrapped in burlap. This treatment enables us to send plants long distances without injury, and when planted there will be no check in growth. As soon as plants are received, unpack immediately, except in dry, windy weather, when they should be unpacked only as needed for planting.

The future success or failure of a plant depends entirely on the manner of planting it, so the utmost care should be taken to have conditions just right. Dig a hole very much larger than the ball of earth and loosen the surrounding soil. Mix well-rotted cow-manure with the soil if you can get it; if not, some other well-decayed manure will do. Never use fresh, or half-decomposed manure, as it is likely to burn the roots and thus kill the plant. Soak the soil thoroughly if you do your planting in dry weather, and an occasional spraying and soaking through the summer will be of great benefit. Loosen the surface soil about the plant to a depth of 2 to 3 inches; this will aid in retaining moisture. Never let it cake. Plant in spring or early autumn.

The value of an evergreen is not only decided by its height, but by its general shapeliness and compactness. Some varieties must be clipped to make them symmetrical, and this should be done in spring when the new growth starts.

We cannot too strongly recommend the planting of evergreens. No home-grounds are complete without them. They are alike beautiful in winter and summer; in winter they supply the only living green in the landscape, and in summer their rich, dark green foliage forms a lovely contrast with that of the deciduous trees and shrubs. They make a beautiful background for any home and, planted anywhere, give a dignified appearance that is not to be produced by any other class of trees or shrubs.

While we have given prices at the each and ten rate, we can supply many of the varieties in 100 and 1,000 lots

ABIES concolor. White Fir. One of the hardest and most beautiful evergreens. Tree of graceful, stately habit; grows rapidly. Pretty cones of purple or yellow. Large, broad, silvery green foliage. A rare and exceedingly choice variety that is indispensable in lawn planting. Each

1
CRYPTOMERIA japonica dacyroides. Japanese Cedar. Loose fantastic grower; light green. Each 2½ to 3 ft. $6 00 | 3½ to 4 ft. $12 50
—Lobbii. Lobb Cryptomeria. A fine novelty. Of slender habit; leaves deep green, assuming a stiff, prickly habit, and seem to be an outgrowth of the branch, changing to russet in fall. Perfectly hardy. Each 10
  2½ to 3 ft. $5 50 | 3½ to 4 ft. 7 00
CUPRESSUS. See Chamaecyparis.
  2 to 2½ ft. $4 00 | 3½ to 4 ft. 6 00
—albo-variegata. A beautifully variegated variety, in which numerous sprays of white are prettily interspersed among the dark green foliage. A formal, erect grower. Each 10
  1½ to 2 ft. $2 50 | 3 to 3½ ft. 5 00
—columnaris. A beautiful cone-shaped variety with dark gray foliage. Very formal. Each 10
  1½ to 2 ft. $2 50 | 2 to 2½ ft. 5 00
—Fortunei (J. sphaerica). Densely branched, upright form; branches are quadrangular. Each 10
  1½ to 2 ft. $2 50 | 2 to 2½ ft. 3 00
—japonica (japonica). Japanese Juniper. Very solid, green foliage; oblique, spreading habit; worth a good place. Each 10
  1½ to 2 ft. $3 50 | 2 to 2½ ft. 5 00
—Pfitzeriana. Pfitzer Juniper. A very hardy, valuable, spreading variety with silvery green color. Both the main stems and lateral shoots have a light, feathery appearance. The leaves have two prominent white lines on the under side. Each 10
  1½ to 2 ft. diam. $4 00 | 2 to 2½ ft. diam. 5 00
—Pfitzeriana (prostrata). Very dense, drooping, variegated variety. Each 10
  1½ to 2 ft. diam. $4 00 | 2 to 2½ ft. diam. 5 00
—sueccia. Swedish Juniper. A narrow, columnar form, growing nearly 40 feet high. Foliage bluish green; tips of branches drooping. Each 10
  2 to 2½ ft. $3 00 | 3½ to 4 ft. 5 00
—excelsa stricta. Spiny Greek Juniper. Very symmetrical, conical outline. Foliage glaucous and arranged around the branches in threes, dense and prickly. Each 10
  12 to 15 in. $2 50 | 15 to 18 in. 3 00
—hibernica. Irish Juniper. Distinct and beautiful, of erect, dense, conical outline. Even the tips of the branches are erect; leaves deep green. Each 10
  1½ ft. $2 50 | 2 to 2½ ft. 3 00
—sueccia. Swedish Juniper. A narrow, columnar form, growing nearly 40 feet high. Foliage bluish green; tips of branches drooping. Each 10
  2 to 2½ ft. $3 00 | 3½ to 4 ft. 5 00
—lucuyana Bedfordiana. A variety of the stately Southern Red Cedar with light green, needle-like leaves and slender, pendulous branches. Each 10
  2 to 3 ft. $4 00

  1½ to 2 ft. $2 00 | 3½ to 4 ft. 5 00
—aurae (japonica aurea). Golden Japanese Juniper. Small, splendid golden, scaly leaves closely adpressed to branchlets, giving a consistent color throughout the spreading bush, which is distinct and attractive. Each Specimens, 3 to 3½ ft. $2 00
  1½ to 2 ft. $4 00
—oblonga. Upright form of medium growth; numerous pendulous branchlets; foliage slender and spreading. This is a favorite of great merit. Each 10
  2½ to 3 ft. $5 00 | 3 to 3½ ft. 7 00 | 3½ to 4 ft. 10 00
—communis. Common Juniper. Small, erect tree or tall shrub growing 20 feet high. Foliage needle-like, in clusters; fruit dark blue and glaucous. Each 10
  2 to 2½ ft. $3 00 | 3½ to 4 ft. 5 00
—cracovica. Loose upright grower, with prickly foliage; bluish gray beneath. Each 10
  1½ ft. $2 00 | 2 to 2½ ft. 3 00
—depressa (canadensis). Forms broad patches, with stems ascending from a procumbent base, rarely exceeding 2 feet in height. Leaves shorter and broader than the variety. Excellent for borders; as a rockery plant it cannot be surpassed. Each 10
  1½ ft. diam., pot-grown. $3 00 | 2½ to 3½ ft. diam. 5 00
—hibernica. Irish Juniper. Distinct and beautiful, of erect, dense, conical outline. Even the tips of the branches are erect; leaves deep green. Each 10
  1½ ft. $2 50 | 2 to 2½ ft. 3 00
—sueccia. Swedish Juniper. A narrow, columnar form, growing nearly 40 feet high. Foliage bluish green; tips of branches drooping. Each 10
  2 to 2½ ft. $3 00 | 3½ to 4 ft. 5 00
—excelsa stricta. Spiny Greek Juniper. Very symmetrical, conical outline. Foliage glaucous and arranged around the branches in threes, dense and prickly. Each 10
  12 to 15 in. $2 50 | 15 to 18 in. 3 00
—lucuyana Bedfordiana. A variety of the stately Southern Red Cedar with light green, needle-like leaves and slender, pendulous branches. Each 10
  2 to 3 ft. $4 00

Abies homolepis brachyphylla. See page 1
Juniperus communis depressa. See page 2

Juniperus macrocarpa (neoboriensis). Foliage closely set and rigid, making the bush quite prickly. The rich, glaucous color is fine in summer; pyramidal; dense habit. Each $5.00 $5.00 $3.00 $7.50 $5.00

Sabina. Compact Savin Juniper. Bushy, low grower; branches semi-erect; beautiful deep green; fine for massing. Each $2.00 $2.00 $2K

—cupresso-silicosa. Cypress Savin. Growth similar to the foregoing but foliage is scale-like, overlapping, and bluish green; forms a narrow pyramid. Each 10 $2.00 $2.00 $2K

—fastigiate. Column Savin. An erect, columnar form of the Savin Juniper. Each 2 to 2½ ft. $3.00 $3.00 $7.00

—tamarisifolia. Gray-Carpet Juniper. A distinct, trailing variety of Sabina. The needle-shaped leaves have a deceptive but pleasing shade of gray-green. Fine for edging. Each 1½ to 2½ ft. spread $3.00 $5.00 $7.00

squama. Prostrate variety with thin branchlets, ascending at the apex; foliage crowded, grayish or bluish green; bluish black fruit. Each 1½ to 2½ ft. spread $3.00 $5.00 $7.00

—albo-variegata. A white variegated form of the above. Each 1½ to 2½ ft. spread $3.00 $5.00 $7.00

—albo-spicata. White-tip Red Cedar. Similar to type above in growth, but the branchlets are elegantly tipped with silvery white. Each 4 to 5 ft. spread $5.00 $5.00 $7.00

—Burki. A narrow fastigate grower, with steel-blue foliage; very symmetrical. Each 2½ to 3 ft. $4.00 $5.00 $7.50

Juniperus virginiana Cannartii. Cannart Red Cedar. A fine, pyramidal, compact grower of dark green appearance; some of the branches lengthen out and droop, presenting a pretty picture. Each 1½ to 2½ ft. $3.00 $3.00 $2K

—glauca. Silvery Red Cedar. Probably the best variety of Cedar; leaves are more conspicuous than in the type; a favorite for specimen work; fine, vigorous grower; cone-shaped and having a peculiar whitish color. Each 10 $3.00 $3.00 $2K

—globosa. Globe-shaped Juniper. Similar in every way but habit to the common Cedar. Each 18 x 18 in. $3.00 $3.00 $2K

—Keteleeri. A fine variety with beautiful intense green foliage. Symmetrical growth with tops of branches ascending; very compact and formal. Adapted for tub purposes. Each 1½ to 2½ ft. spread $5.00 $5.00 $7.00

—pendula. Weeping Red Cedar. Spreading branches and slender, pendulous branchlets. Leaves scale-like and pressed together. Each 2½ to 3 ft. $4.00 $5.00 $7.00

Juniperus squamata
Juniperus virginiana Schottii. A fine, hardy evergreen of columnar habit; foliage light green and feathery. Each
2 to 2½ ft. $3.00 | 2½ to 3 ft........... $4.00
—Smithii. Scarce. This is the only Juniper which keeps a grass-green color during the winter. Branches are sparingly ramified and pendulous at tips; forms a broad, compact, pyramidal tree.
Each
2 to 2½ ft. $5.00
2½ to 3 ft. 6.00
3 to 3½ ft. 7.50
3½ to 4 ft. 10.00
—tripartita. Fountain Red Cedar. The rather prickly foliage is grayish; robust habit, forming a wide, irregular bush.
Each
2 to 2½ ft. $3.50
3 to 3½ ft. 7.50

LARIX europaea (deciduous). European Larch. A cone-bearing tree which drops its foliage in the fall. Regular pyramidal growth and handsome, bright green foliage. Each
3 to 4 ft. $2.50 $2.25
leptolepis (Kämpferi). Japanese Larch. The yellowish horizontal branches form a pyramidal head; leaves rather broad, obtuse, and light or bluish green in color; cones ½ to 1½ inches long. Each
12 to 15 ft. $2.50

PICEA canadensis Albertiana. Alberta Spruce. A narrow, pyramidal tree of very slow growth. Dense glaucous foliage which endures heat and drought well. Very symmetrical. Each
15 to 18 in. $8.00 | 3-ft. specimen $25.00
excelsa. Norway Spruce. Commonest Spruce seen; known as the “Christmas Tree.” Very hardy and adaptable to hedge or other purposes; leaves dark green; very handsome. Tree of pyramidal, lofty appearance. 30 to 50 feet high.

Pinus montana Mughus

Prices of Picea excelsa
Each
1 to 1½ ft. $1.50 | 4 to 5 ft. $6.00
1½ to 2 ft. 2.00
2 to 2½ ft. 2.50
—Maxwellii. Maxwell Spruce. A very dwarf, almost prostrate grower. Each
12 to 15-in. diam. $3.50
15 to 18-in. diam. 6.00
18 to 21-in. diam. 12.00
24 to 30-in. diam., specimen 30.00
orientalis. Oriental Spruce. Short, dark green foliage; forms a wide pyramid and branches right down to the ground; good for lawn purposes. A very graceful Spruce of slow growth. Each
1½ to 2 ft. $5.00
pungens glauca Kosteri. The bluest of Blue Spruces, this is the most remarkable and conspicuous of all the conifers for ornamental planting. Being symmetrical and shapely, its ideal purpose is as a specimen when owing to its magnificent, vivid bluish coloring, it constantly attracts the attention of all lovers of the beautiful. Each
3 to 3½ ft. $25.00
8 to 10-ft. specimen 100.00
10 to 12-ft. specimen 125.00
PINUS austriaca. See P. nigra austriaca.
flexilis. Limber Pine. Forms a narrow, open pyramid with horizontal branches. Bluish leaves. Each
3 to 3½ ft. $5.00 | 3½ to 4 ft. $6.50
Masoniana. Deep green and twisted foliage, 4 to 6 inches long. Very fine. Each
2 to 3 ft. $4.00 $5.50
3 to 4 ft. 6.00
4 to 5 ft. 10.00
montana. Swiss Mountain Pine. The dull green foliage is rather short, but thick, arranged in pairs and seems to be crowded on the spreading branches. Very variable in habit, usually low, often prostrate. Ornamental when singly planted, or covering rocky slopes. Each
15 to 18-in. diam. $3.00
—Mughus. Dwarf Mughso Pine. Distinct; resembles the preceding, but of more compact and prostrate habit, with the tips of branches ascending; the leaves are twisted slightly. Each
12 to 15-in. diam. $3.00
15 to 18-in. diam. 3.75
18 to 20-in. diam. 4.50
## Pinus nigra austriaca

Austrian Pine. A robust, stately tree of rapid growth, and very hardy. Stiff, long, dark green leaves in pairs. The winter buds are whitish and long. 

<table>
<thead>
<tr>

</tbody>
</table>

**Strobus.** White Pine. One of the best native Pines. The branches are horizontal and in regular whorls, with smooth bark. The long, slender leaves occur in groups of five and gently droop over, producing a pleasing pale green effect. The cones are generally over 6 inches long, and add a wonderfully picturesque touch to the tree. 

<table>

Retinospora plumosa

Retinospora plumosa sulphurea. This is a most beautiful variety; sulphur-tinted shoots; of compact growth; quite distinct. Each 10
12 to 15-in. diam. $2.50 $2.50
—squarrosa sulphurea. Densely branched bushy trees with spreading feathery branchlets tinted and tipped with clear light yellow. A very distinct and beautiful tree. Each 10
12 to 15-in. diam. $2.50 $2.50
1 to 1½ ft. $2.50 $2.50
1½ to 2 ft. 4 00 35 00

SCIADOPITYS verticillata. Japanese Umbrella Pine. Very long leaves, much wider and thicker than those of other conifers, shining green above and a line of white under them; they are deeply grooved on both sides and are borne at the ends of the annual shoots. The horizontal branches and peculiar growth of the leaves in parasol-like whorls give the variety a distinct individuality. It is uniquely beautiful on the lawn. Each 1½ ft. $6.00 2½ ft. $15.00 2 ft. 10.00 3 ft. 20.00

—Dovastonii aurea-variegata. Wide-spreading branches, pendulous toward end; short dull green leaves, variegated with yellow. Each 1½-2 ft. diam. $5.00
 —reandens. Spreading English Yew. This is the hardiest of all prostrate varieties, and will grow in almost any position. It is excellent for hedging.

Taxus baccata repandens, continued

grouping and covering banks. The slender, pointed leaves gently curve upward, and are of a lustrous green.

Each 10
1½ to 2 ft. diam. $5.00 $4.50
2 to 2½ ft. diam. 7.00 6.50
2½ to 3 ft. diam. 10.00 9.00
3 to 3½ ft. diam. 15.00
3½ to 4 ft. diam. spec. $20.00

cuspidata. Dwarf Japanese Yew. Of all the Yews this is the only hardy, upright-growing variety in the northern states. A fast grower, and as it is the most severe winters and keeping its fresh color throughout the year. The brilliant scarlet fruits set in the shiny dark green foliage are very conspicuous. It was introduced from Japan many years ago and found here to be one of the finest, most noteworthy and valuable Evergreens.

Bushy compact specimens trimmed several times.

Each 10
1½ to 2 ft. $5.00 $4.50
2 to 2½ ft. 7.00 6.50
2½ to 3 ft. 10.00 9.00
3 to 3½ ft. 12 50
3½ to 4 ft. 17 50
4 to 5 ft. diam. specimens 30 00
5 to 6 ft. diam. specimens 50 00
6 to 8 ft. diam. specimens 75 00

2½ to 3 ft. $8.00 $7.00
3 to 4 ft. 15.00 14.00
4 to 5 ft. 28.00 27.00
5 to 6 ft. 50.00 49.00
6 to 8 ft. 100.00 95.00

Special prices given on larger quantities.

—, Columbia. Columbia Arborvitae. Strong habit; foliage broad, with a silver variegation. Each 10
12 to 15 in. $2.50 $2.50
15 to 18 in. $3.50

—elegantissima. Golden-tipped Arborvitae. Tips of the young shoots golden yellow during summer and autumn. Each 1½ ft. $2.50 2½ ft. $8.00
2 ft. 3.50

12 in. $4.50 $4.50
15 in. 2.50 2.25

---
Thuja occidentalis globsa nova. Same form as the type, with little white tips on end of branchlets. Each $1.00

—Speelmanni. Globe-shaped; small foliage; very pretty. Each 10

10 to 12 in. .................. $1.50 $3.50
12 to 15 in. .................. 2.50 22.50

—Hoveyi. Hovey Arborvitae. Egg-shaped form with bright green foliage. Each 10

15 to 18 in. .................. $2.00 $7.50
18 to 21 in. .................. 3.00 27.00

—Little Gem. Very dwarf; grows broader than high; the flat branchlets are of a satisfactory green. Each 10

10 to 12-in. diam. ................. $2.50 $22.50
12 to 15-in. diam. ................. 3.50

—lutea. The well-known Peabody’s Golden Arborvitae; forms a broad pyramid with clean yellow foliage. Each 10

15 to 18 in. .................. $3.00
18 to 21 in. .................. 4.00

—lutea, B. & A. Showy bright yellowish green all through the winter, changing to golden yellow in spring. Forms a compact, broad pyramid, much superior to Lutea. Each 15

2 ft. .................. $3.50 3 ft. .................. $6.00
2 1/2 ft. .................. 5.00

2 1/2 to 3 ft. .................. $4.00 $6.00
3 to 4 ft. .................. 5.00 50.00
4 to 5 ft. .................. 6.00

—Riversii. River’s Arborvitae. Bright green variety; forming a very shapely broad pyramid. Each 15

1 1/2 to 2 ft. .................. $2.00 $4.50
2 1/2 to 3 ft. .................. 3.00

—Rosenthalii. Rosenthal Arborvitae. Dark green, dense foliage; the growths terminate with a little whitish ball; compact grower. Very choice. Each 15

1 1/2 to 2 ft. .................. $2.00 $4.50
2 1/2 to 3 ft. .................. 3.00

—spiralis. This is a very distinct variety, in appearance and color. Habit is erect and formal. The foliage is peculiarly twisted. Each 15

2 1/2 to 3 ft. .................. $4.00 3 1/2 to 4 ft. .................. $7.50
3 to 5 ft. .................. 9.00

—Vervaneana. Vervene Arborvitae. More compact than Occidentalis and is clothed in deep green foliage retaining its color throughout winter. Exceptionally good. Each 10

1 1/2 to 2 ft. .................. $3.00 $6.00
2 1/2 to 3 ft. .................. 4.00

—atrovirens (Lobbi atrovirens). Rather short, slightly pendulous branches; fleshy, shining green leaves all through the year. A real ornament. Each 10

2 to 2 1/2 ft. .................. $3.00 $6.00
2 1/2 to 3 ft. .................. 4.00
3 to 4 ft. .................. 5.00 50.00

—Wareana (occidentalis sibirica). Siberian Arborvitae. Large, glaucous green foliage; forms a broad pyramid. Each 10

1 1/2 to 2 ft. .................. $3.00 $6.00
2 to 2 1/2 ft. .................. 5.00 45.00

orientalis (Biota orientalis). Chinese Arborvitae. Dense, pyramidal, tree, with fresh green foliage turning to a rich brown in autumn. Each 10

1 1/2 to 2 ft. .................. $1.50 $3.00
2 to 2 1/2 ft. .................. 2.00
2 1/2 to 3 ft. .................. 5.00 50.00
3 to 4 ft. .................. 7.00 75.00

—aurea conspicua. Very interesting novelty. Has a conspicuous golden color in summer and is particularly shaded in winter; pyramidal shape. Each 10

1 1/2 to 2 ft. .................. $4.00

—aurea nana. Very pretty dwarf form with yellow-tinted foliage, changing to brown. Each 12 in. ................. $2.50
1 1/2 ft. ................. 4.00

Thuja Standishii. Japanese Arborvitae. A rare and valuable species, with massive, pendulous habit; foliage fleshy and large; branchlets long and loose. Each 10

2 to 2 1/2 ft. .................. $3.50 $5.50
2 1/2 to 3 ft. .................. 5.00 75.00
3 to 4 ft. .................. 6.00 85.00

TSUGA canadensis. Common Hemlock. Leaves about half an inch long, dull green and slightly grooved above, striped beneath. Branches slender and softly pendulous. Each 10

2 to 2 1/2 ft. .................. $3.50 $3.50
2 1/2 to 3 ft. .................. 4.00 45.00
3 to 4 ft. .................. 5.00 75.00

Special prices on larger quantities.

—pendula (Sargentii pendula). One of the choicest and most everlasting, of permanent weeping habit. Compact, moderate growth and graceful, spray-like branches; the leaves are more or less glaucous beneath. Rare. Each 15

1 1/2 to 2 ft. .................. $8.00

diversifolia. Japanese Hemlock. Similar to Sieboldii, but smaller in every way. Has reddish brown bark, very short blunt leaves, deep green. Rare. Each 10

1 1/2 to 2 ft. .................. $8.00
2 1/2 to 3 ft. .................. 15.00

Sieboldii. Siebold Hemlock. Very handsome, graceful tree, with spreading, slender branches; glossy, rich, dark green foliage, striped white beneath and rather longer than in the common Hemlock; has a conspicuous leaf-stalk. Each 2 to 2 1/2 ft. .................. $8.00

1 1/2 ft. .................. $8.00

Page 7
Hardy Broad-Leaved Flowering Evergreens

Rhododendrons

The Rhododendrons, with their rich green foliage and magnificent flowers, are the handsomest of all the broad-leaved evergreens. They add distinctiveness to any planting. Many plant-lovers think that they are difficult to grow, but this is not the case, if native varieties are used and proper soil and care are given. The varieties we offer are absolutely hardy and will withstand our most severe winters and summers if the cultural directions below are followed.

Select a shady location for the Maximum varieties and give the Catawbiense varieties an open situation where they will get some sun. Protect both varieties from the force of the prevailing winds. A group of hardy evergreens on the north and west, sufficiently distant not to interfere with the roots, will protect them from the worst winds. If this is not practicable, some evergreen boughs placed between the plants are very effective in breaking cold winds and protecting them from the sun's rays in March and April. Always plant in groups, as this will protect the soil from frost and give them the same conditions that they have in their natural habitat.

The soil in which Rhododendrons are to be grown is a most important factor in their successful culture. A light garden loam is best, but if clay soil must be used, lighten it with sand. Leaf-mold, decayed sod, or surface soil that has been heavily manured the previous year—all are good. If possible, dig the soil to a depth of at least 24 inches before winter, and allow to settle for spring planting.

Make the Rhododendron beds at least 2½ feet deep, mixing the soil with decomposed cow-manure or leaf-mold, and then place your plants in groups in the most effective manner. All plants should be thoroughly soaked in water previous to planting. A mulch of about 4 inches of leaves or well-rotted manure (never fresh manure) will help conserve the moisture which is so necessary to successful Rhododendron culture. Allow weeds to grow until they are large enough to be pulled by hand—never hoe the soil about the plants as the roots are near the surface. In the fall, after the ground has been slightly frozen, mulch the soil between the plants to a depth of 8 inches with leaves. This will protect the roots from the most severe frosts, and after a time the leaves will begin to decay and form leaf-mold—the best fertilizer for Rhododendrons.

In May and June your Rhododendrons will be a mass of beautiful flowers—the Catawbiense varieties blooming from mid-May until mid-June, when the Maximums are at their best. As soon as the flowers have fallen, remove the seed-pods.

If you want to make a planting of Rhododendrons on your home-grounds, we shall be glad to give you advice. Our experts have spent a lifetime in raising Rhododendrons, having grown many thousands of them from seedlings and grafts to full-grown plants. They know all about them, and can give you valuable advice about soil, location, and varieties.

All our Rhododendrons are grown in our own Nurseries, so we know exactly what varieties to recommend for any locality. Our plants are sure to grow if you give them proper care.
Rhododendron Hybrids

The letter following the name indicates the comparative growth of the variety: (a) extra high; (b) high; (c) medium; (d) dwarf.

**Album elegans.** (a) Light blush, changing to white. Each
2 ft. .................. $5.00  
2 1/2 ft. .................. $8.00

**Album novum.** (c) Blush-white. Each
2 1/2 ft. .................. $5.00

**Amphion.** (c) White center, with wide margin of warm pink. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $8.00

**Boule de Neige.** (d) White. Each
15-in. diam. .................. $4.50  
1 1/2-ft. diam. .................. $12.50

**Caractacus.** (c) Warm crimson, with faint tinge of purple throughout. Each
1 1/2 ft. .................. $5.00

**Catawbiense album.** (c) White. Each
1 1/2 ft. .................. $5.00  
2 1/2 ft. .................. $8.00

**Charles Bagley.** (b) Cherry-red. Each
1 1/2 ft. .................. $5.00  
2 1/2 ft. .................. $15.00

**Charles Dickins.** (b) Rich deep scarlet. Each
1 1/2 ft. .................. $5.00  
2 1/2 ft. .................. $8.00

**Delaictisanium.** (b) Delicate flesh-pink. Each
1 1/2 ft. .................. $5.00

**E. S. Rand.** (c) Rich scarlet. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $15.00

**Everestianum.** (b) Rosy lilac, spotted yellow. Each
1 1/2 ft. .................. $5.00  
2 1/2 ft. .................. $8.00

**F. D. Godman.** (c) Crimson, with dark blotch. Each
1 1/2 ft. .................. $5.00

**Giganteum.** (b) Cherry-red. Each
1 1/2 ft. .................. $5.00  
2 1/2 ft. .................. $8.00

**Henrietta Sargent.** (c) Pink, yellowish green eye. Each
1 1/2 ft. .................. $3.50  
2 ft. .................. $6.00

**Ignatius Sargent.** (b) Rose-scarlet, beautifully marked. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $6.50

**Kettleidrum.** (b) Rich crimson, suffused with purple. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $6.00

**Lee's Dark Purple.** (c) Dark purple. Each
1 1/2 ft. .................. $5.00  
2 1/2 ft. .................. $9.00

**Maximum roseum.** (c) Pink. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $8.00

**Mrs. C. S. Sargent.** (c) Bright pink, with yellow eye. Each
1 1/2 ft. .................. $5.00  
2 1/2 ft. .................. $9.00

**Mrs. Millner.** (c) Rich crimson. Each
2 ft. .................. $6.00  
2 1/2 ft. .................. $9.00

**Parson's grandiflorum.** (c) Bright carmine. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $9.00

**Parson's Gloriosum.** (c) Purplish rose. Each
1 1/2 ft. .................. $5.00

**Purpureum grandiflorum.** (c) Purple. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $7.50

**Roseum elegans.** (c) Good rose. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $12.50

**Roseum superbum.** (c) Red. Each
1 1/2 ft. .................. $5.00  
2 ft. .................. $6.00

**Smirnowi.** A wonderfully soft rose color; pretty shaped flowers, lasting very well. The foliage differs from that of other Rhododendrons in that it is very woolly underneath. Each
12 to 15 in. .................. $5.00  
15 to 18 in. .................. $7.00

**REODODENDRON catawbiense.** This attractive variety is the parent of the majority of our best hybrids and worthy in every way. In hardness it is supreme, being a native of this country, and for groups and mass planting, it should be used much more extensively. It is very prolific in blooming, and the flowers, borne in very large, round trusses, are seen in various shades of delicate pink the early part of June. The foliage is very decorative, being rather round and deep shining green in color. It forms a magnificent isolated specimen keeping its lower branches and developing into a rugged, globe-shaped bush. Each
1 1/2 to 2 ft. .................. $3.00  
2 to 3 1/2 ft. .................. $4.00  
3 to 4 ft. .................. $5.00

**Carolinianum.** Leaves rather small; narrow, dark green above, covered with brownish dots beneath; clusters of clear rose-pink flowers in May; very hardy. Each
1 1/2 to 2 ft. .................. $2.00  
2 to 3 1/2 ft. .................. $3.00  
3 to 4 ft. .................. $5.00

**laetevirens** (Wilsonianum). A handsome, dwarf shrub, with pointed leaves almost 3 inches long; beautiful lavender flowers in July. Each
12 to 15 in. .................. $4.00

**maximum.** Great Laurel. Is admirably adapted to massing, will thrive in shady or exposed positions, and is perfectly hardy. The flowers vary in color from pure white to delicate shades of pink, and are produced in great profusion; gradually comes in bloom when the hybrid varieties pass away. Each
1 1/2 to 2 ft. .................. $2.00  
2 1/2 to 3 ft. .................. $5.00  
3 to 4 ft. .................. $7.50

**Parson's Red.** Special prices on extra-large specimens, and on carload lots of assorted sizes.
Hardy Broad-Leaved Azaleas

The following varieties of Azaleas (lately classified under Rhododendrons) are generally known as Japanese Azaleas, and owe their origin largely to China and Japan.

On account of the large number of varieties and many shades of colors, they should be ranked with the very handsomest and best hardy, broad-leaved, flowering Evergreens. We have experimented with a collection of varieties which at one time we grew in our Nurseries, and by careful selection and discarding, one by one, those that were inferior, we have now an elite collection of kinds and varieties which we are growing in large quantities. Many of them so far have not found their way into American gardens.

Many a little corner of the home-gounds that has lost its interest can easily be turned into an attractive, cozy spot by brightening it up and relieving its dullness with a proper selection of the most suitable and brilliant colors. These Hardy Azaleas should be used extensively in groups with the hardy broad-leaved Evergreens. For rock-gardens they are particularly unexcelled. For forcing or conservatory decoration they are invaluable.

We wish our patrons to become better acquainted with these interesting groups of Evergreen Azaleas. Many plant-lovers may think that they are difficult of cultivation, but this is not the case, if ordinary garden soil and care are given. Among the varieties we are offering, many are absolutely hardy and will withstand our most severe winters and hot, dry summers, while others again are less hardy and need protection during our severe winters. A mulching of well-decayed cow-manure, or leaf-mold placed between the plants and a cover of hemlock or pine branches, laid loose over the top, is all that is necessary. This protection is advisable for hardy varieties.

Kinds marked with an asterisk (*) need special protection in our northern states.

| COLLECTION OF 10 HARDY AZALEAS IN THE FOLLOWING VARIETIES FOR $20 |
|--------------------------|--------------------------|--------------------------|--------------------------|
| **Amoen**               | **Hinodgiri**            | **Indica rosea (magnifica)** |

Azalea Kaempferi (Great Torch Azalea)
Japanese Kurume Azaleas (for outdoors and forcing)

Originally, these Azaleas were imported in California from the city of Kurume, on the Island of Kyushu, Japan, where they were discovered by Mr. E. H. Wilson of the Arnold Arboretum. From California, they found their way to the East where a few progressive nurserymen saw their possibilities and at once started propagation. Although not exactly new, they are still very scarce, and most varieties on our list are offered for the first time.

For garden planting there is nothing to equal their usefulness when placed amongst broad-leaved evergreens, such as kalmia, rhododendrons, etc., being naturally protected in this manner. During the month of September, especially in a wet season when these Azaleas are making a second growth, the branches are full of sap and a light frost at this time is apt to split the bark. A thorough covering with dry hardwood leaves, such as oak or beech, allows them to be planted in borders, rockeries, beds, or in mass. Hemlock or spruce boughs, brush, or chicken wire should be used to prevent the leaves from being blown away.

For forcing in midwinter, Kurume Azaleas are very useful, adding a wealth of color to beautify conservatories. The term "hose-in-hose" applies to a compound flower which is composed of two similar or identical, funnel-shaped flowers, one apparently growing out of the throat of the other.

Apple Blossom. It resembles the apple blossom in color, being a beautiful shade of pink, shading lighter toward the center. Glossy green foliage.

Avalanche. Pure white; very large flowers on large trusses. Glossy green foliage.

Bridesmaid. Glowing salmon flowers produced in large clusters; very prominent stamens. Small glossy green foliage.

Brilliant. Salmon-rose with deeper salmon shading toward the edge of the petals.

Bouquet Rose. The dainty, medium-sized rose-pink flowers shade much deeper toward the center, and the red stamens form a beautiful contrast. Bronze-green foliage.

Cheerfulness. Vermillion-red, shading deeper toward center. A strong-growing plant with glossy green foliage.

Cherry Blossom. Dainty light pink, with white shadings toward the center of the large flower. Large dark green foliage. Hose-in-hose type.

Christmas Cheer. This name was suggested by its very brilliant coloring—a real Christmas red. Glossy green foliage. Hose-in-hose type.

Daybreak. Pure light pink flowers in dense clusters; very free-flowering. Beautiful green foliage.

Delicatissima. White tinged or shaded pinkish lilac, with brown blotch. Large, dark green foliage.

Debutante. A beautiful shade of glowing salmon-pink, with lighter center, blotched with red; white stamens. Glossy green foliage.

Exquisite. Large salmon flowers. The name not only describes appearance of the flowers but also the graceful habit of the plant, and its beautiful green foliage.
AZALEAS, continued

Snow. Large, pure white flowers, borne profusely in clusters. Beautiful glossy green foliage.

Sunstar. Dark rose-pink with carmine stripe; not a large flower but very dainty and produced freely. Dark green foliage.

Vesuvius. Fiery salmon-red, with slightly darker blotch. The flowers are of medium size and produced very freely. Dark green, glossy foliage.

Prices of preceding varieties Each 10

- 8 to 10 in. $2.00 $7.50
- 10 to 12 in. 3.00 27.50
- 12 to 14 in. 4.00 35.00
- 14 to 18 in. 5.00 45.00

Coral Bells. A pleasing coral-pink color shading deeper in the center; not a very large flower, but produced very profusely and very dainty. Small, round, glossy foliage. Hose-in-hole type.

Rose. Dark carmine-pink flowers, with almost red stamens; very attractive and produced very profusely. Hose-in-hole type.

Salmon Beauty. An exceptionally fine shade of salmon-pink, with large individual flowers. Light green foliage. Hose-in-hole type.

Prices of above three varieties Each 10

- 8 to 10 in. $3.00 $27.50
- 10 to 12 in. 4.00 35.00
- 12 to 14 in. 5.00 45.00

Specimens of above varieties, prices upon application

Hardy Broad-Leaved Flowering Evergreens

ABELIA chinensis (rupestris). Hybrid Abelia. The graceful, arching stems are clothed with dark, glossy, nearly persistent leaves; white flowers tinged with pink about an inch long, borne in profuse clusters from early summer until checked by frost. Strong, pot-grown plants, 75 cts. each, $5.50 for 10.

ANDROMEDA. See Leucothoe and Pieris.

ARCTOSTAPHYLOS Uva-ursi. Bearberry. An excellent evergreen trailer with small, lustrous foliage, bearing a multitude of red berries, especially useful for rock-gardens and as ground-cover in very light sandy soil; does very well on the seashore. Pot-grown plants, 85 cts. each, $7.50 for 10.

BUXUS sempervirens. Common Tree Box. Is so deservedly popular as to need no description. It always has been and still is essentially a home plant. The glossy, aromatic foliage is always fresh and green, and, because of this, it is widely used for edging, formal gardens, tub specimens, etc. In very exposed positions, it is best to afford a little protection in winter, otherwise no special attention is needed.

Bush-form— Each 10 100
- 8 to 10 in. $0.75 $6.50 $15.00

- 6 to 8 in. 1.00 12.50

Juliana. This beautiful and rare evergreen variety, hardly known, is one of the best and hardest of our broad-leaved evergreen shrubs. It stays perfectly green during the winter and blends well with plantings of rhododendron, kalmia, andromeda, and evergreens in general. To plant-lovers who always are looking for "something better," we recommend it very highly. Pot-grown plants, 1 to 1½ ft., $1.50 each, $13.50 for 10.

Cotoneaster horizontalis
Cotoneaster horizontalis. Rock Cotoneaster. Curious, dwarf shrub of trailing habit, fine for rockeries. It is covered with brilliant red berries in autumn and winter. The foliage turns to soft tints of red and bronze before falling. Each 10 Pot-grown plants...$75 per 100...$1 00 $9 00 Pot-grown specimen plants...... 2 50 22 50

microphylla. Rockspray. A dwarf shrub, with small, shiny leaves, longer than those of the former variety, and having long hairs beneath. Pretty white flowers are followed by scarlet berries; very showy. Pot-grown plants, $1 each, $9 for 10.

Simonsii. Simon’s Cotoneaster. A 4-foot shrub with spreading branches, almost evergreen, roundish oval leaves, pinkish white flowers in June and July. One of the best red-fruiting species. Pot-grown plants, $1 each, $9 for 10.

Cotoneaster soongarica (C. racemiflora soongarica). A 4-foot shrub with erect or spreading branches, rarely prostrate, oval leaves, grayish white beneath, and beautiful red fruit. Pot-grown plants, $1 each, $9 for 10.

On account of the difficulty in transplanting field-grown Cotoneaster, we advise the use of pot-grown plants.

CRATÆGUS. See Pyracantha.

DAPHNE Caerorum. Garland Flower. A trailing evergreen plant, with narrow, glossy green leaves; flowers fragrant, bright pink, in round clusters at tips of branches, appearing in May and again in August. Very effective on banks and in shady places. Strong plants, $1 each, $9 for 10.

ERICA. Heath. The majority of these Heaths are compact, low-growing, and as such are extremely useful for rockeries. The small foliage is densely arranged around the wiry little stems, and either when in full bloom or in midwinter makes a very pretty picture. Give some protection the first winter so that they become acclimated before receiving a check. Semi-shady location.

All varieties, 50 cts. each, $4.50 for 10. All our Ericas are strong, pot-grown, bushy plants

carnea (herbacea). Grows about 6 inches high leaves arranged in fours; nodding, bell-shaped flowers along the stems.

stricta (Corsican Heath). A compact, erect grower with pink flowers, July to September.

—erecta. Flowers light pink, borne at ends of branches; upright grower. 12 to 15 in. July, August.

Tetralix. A compact, silver-gray variety.

vagans rubra. Purplish red flowers. Leaves arranged in fours and fives.

vulgaris (Calluna vulgaris). Scotch Heather. A dense-growing shrub, with erect branches, covered with short, closely adpressed leaves. The pretty, bell-shaped flowers occur in great profusion toward tops of the shoots and are a pretty rosy color.

—alba (C. vulgaris alba). White Heather. The nodding white flowers are the only diversion from the preceding; a very pleasing contrast.

—Alportii. Crimson Heather. Dark crimson variety flowering in July and August.

—aurantia (C. vulgaris aurantia). Foliage golden in summer and red in winter; pink flowers.

—compacta (C. vulgaris compacta). A very dwarf and compact variety; pink. 9 inches.

MENZIESIA polifolia (Daboecia polifolia). Usually planted with heather, this pretty plant is little known in America. Dark green glossy leaves and spikes of large, drooping, purple bell-shaped flowers. 1½ feet. July to October. 50 cts. each.

—alba. A white variety of the above. 50 cts. each.
EUONYMUS patens. New. A very attractive Japanese variety, with handsome, dark green foliage. Perfectly hardy in any climate. Strong bushy plants. 1 to 1 1/2 ft. $1.25 $1.00 1 1/2 to 2 ft. 2.00 1.75 2 to 2 1/2 ft. 3.00 2.50 2 1/2 to 3 ft. 4.00 3.50

FOR OTHER EUONYMUS, SEE PAGES 41 AND 42.

ILEX crenata. Japanese Holly. Has small, oval, smooth, green leaves about 1/2 inch long; a rapid grower, forming a dense, compact bush, which can be shaped like boxwood.

glomerata, knob; Winterberry. An upright, bushy shrub, 3 to 4 feet in height; rather narrow leaves, dark green and shiny above, pale beneath; a profusion of fine black berries in the fall. Each 10

KALMIA latifolia. Mountain Laurel; Calico Bush. Grows 8 feet high, with broad, glossy green foliage. The rose-colored flowers, in large and showy clusters at the ends of the shoots, are of elegant shape and appear in June. Fine as a single lawn plant, or with rhododendrons or other shrubbery. Once proposed as the national emblem. Each 10

LEUCOTHEE (Andromeda) Catesbii. A valuable shrub for planting under trees, on the margins of woodland drives, and in shady positions. Flowers are fine white and are borne in long, pendulous racemes, with a characteristic fragrance. The shining dark green foliage is evergreen and sometimes assumes brilliant bronze and claret shades in fall. Each 10

MAHONIA Aquifolium. Holly-leaved Mahonia. A bushy shrub with many ascending branches and compound leaves which at first are fresh green, tinged purple, and in autumn assume beautiful tints of red and bronze, which are retained throughout the winter. Small bright yellow flowers in May. 2 to 2 1/2 ft., bushy specimens $3.50 each.

PACHYSANDRA terminalis. One of the most valuable evergreen shrubs for dense shade. Has low habit, sometimes even trailing. Fine, glossy, light green leaves in abundance. Greenish white flowers in May or June, arranged in spikes. Pot-grown plants, 25 cts. each, $1.25 for 10, $15 per 100, $120 per 1,000.

PIERIS floribunda (Andromeda floribunda.) Mountain Andromeda. Low, compact, evergreen shrub with small dark green leaves. Young branches and leafstalks dull red and hairy. Pretty white flowers borne in small, dense, upright panicles at the ends of branches. Pot-grown plants, 1 ft., $2.50 each, $25.00 for 10.

japonica (Andromeda japonica). Grows a little higher and more irregular than the preceding variety, but remains compact. Branches and foliage quite smooth. Leaves narrow and toothed, crowded at the ends of the shoots. Panicles of buds dull red, opening white in spring. Foliage spotted bronzy red in winter. Each 10

PYRACANTHA coccinea Lalandii. Laland Firethorn. Evergreen Thorn. White flowers, orange-colored berries. The leaves are rich and glossy.

PYRACANTHA coccinea Lalandii. Laland Firethorn. Evergreen Thorn. White flowers, orange-colored berries. The leaves are rich and glossy.

Leucothoe catesbii

VIBURNUM rhytidophyllum. Leatherleaf Viburnum. A striking evergreen shrub with remarkable foliage; the leaves are 8 to 9 inches long and 2 to 2 1/2 inches broad, pretty crinkled. The upper surface is a wonderful deep green, and lustrous; brownish colored hairs cover the under surface. Flowers yellowish white, followed by deep red berries; very rare. Pot-grown plants, $1.75 each, $15 for 10.
Deciduous Ornamental and Shade Trees

While the collection of trees growing in our Nurseries is very extensive, and comprises almost every variety of any value, we have used extra precaution in the compilation of the following list, selecting only such kinds as possess distinctive decorative merit, and are suitable for lawn, park, avenue and street plantings. Deciduous trees can be safely planted in spring, after the frost has left the ground, before new growth has appeared, and in the autumn, after the foliage and wood ripen, until the ground freezes in winter. We cannot too strongly impress upon intending purchasers the importance of the proper preparation of the ground before planting. The popular method of squeezing a fine, healthy tree into a hole half the size of the roots, afterward filling in with hard-pan, has proved, beyond doubt, the common cause of failure, which is generally attributed to some fault or deficiency of the tree.

To insure successful results, the ground should be properly prepared previous to planting, enriching the soil, if necessary, with well-decayed manure. The hole should be dug at least 2 feet wider in diameter than the bulk of the roots; the depth will be governed by the nursery soil-line as indicated on stem. The roots should be spread out in a natural way, filling in with fine soil and firmly pressing.

If you are not ready to plant the trees promptly upon their arrival, they should be immediately unpacked and heeded in. This means opening a trench, placing the trees in an upright position, and thoroughly covering the roots with fine soil, pressing down firmly, which will prevent drying out of the roots. Do not unpack trees if weather is freezing. Should they arrive in a frozen condition or during severe weather, put them in a cool place, free from frost, until perfectly thawed. If deciduous trees or shrubs are delayed in transit, so as to become dried or shriveled, they should be completely buried—roots, trunk and branches—allowing them to remain several days before planting.

Trees marked with an asterisk (*) are of a pendulous or weeping habit.

**Acer platanoides.** Norway Maple. Vigorous-growing tree of spreading, rounded form, but compact habit. Splendid shade tree. Foliage dark, shining green, generally five-lobed and almost 7 inches across, turning to a pale yellow in fall. One of the best for lawn and street planting and very largely used for that purpose. Each 10

- 10 to 12 ft., 1 1/2-in. diam. $4.50
- 12 to 14 ft., 2-in. diam. $5.00
- 14 to 16 ft., 2 1/2-in. diam. $6.50
- 16 to 18 ft., 3-in. diam. $7.50

**Acer tataricum ginnala.** Amur Maple. Small foliage, prettily cut and lobed; turns a bright red in autumn and opens in very early spring. An excellent variety and one that is very popular. Each 1 1/2 to 3 ft., bushy. $1.25

**Globus.** Globe Maple. Fine, ball-shaped variety; standard form excellent for lawn and formal effects. 4-yr. head, $7.50.

**Schwedleri.** Schwedler's Norway Maple. A valuable variety; young shoots and leaves of a bright purple, in the older leaves changing to purplish green. One of the most useful and handsome of all the purple-leaved Maples. Each 1 1/2 to 1 3/4-in. cal. $6.00
- 1 3/4 to 2-in. cal. $7.50
- 2 to 2 1/2-in. cal. $10.00

Deciduous Trees. Bob & Atkins

Acer platanoides (Norway Maple) for the lawn
Deciduous Trees

Acer pseudoplatanus. Sycamore Maple. Very quick-growing tree with handsome, spreading form. Bold, dark green foliage, five-lobed with large teeth. An excellent lawn or shade tree; also fine for seashore planting.

Rubrum. Red or Scarlet Maple. Large tree. Leaves five-lobed and unequally toothed, green above, pale or glaucous below, turning to bright scarlet in autumn; flowers red or scarlet; fruit red. Very valuable tree for street or park planting, and for wet situations.

JAPANESE MAPLES, Acer japonicum and palmatum. These dwarf Maples are extremely useful in landscape schemes, for their wonderful coloring and fascinating habit. The foliage of the various species is widely different, some being so delicately cut as to be a mere network, and in color they range from vivid fresh green to deep purplish red. Planted separately, they develop into magnificent specimens, and beautiful effects can be obtained by grouping them.

japonicum aureum. Golden Moon Maple. Foliage shaded in gold, with suffusions of green. Contrasts most beautifully with the darker shades of green in the shrubbery planting.

japonicum Paronsii (japonicum flicifolium). Fern-leaf Maple. Large foliage, delicate green, deeply lobed. Coloring, blood-red in fall.

Palmatum (polymorphum). Japanese Maple. Has small, star-shaped leaves which in autumn gradually assume a bronze red tint, beginning at the edges. Grows a little taller than A. japonicum, with a picturesque habit. Young shoots are bright red.

Hippocastanum. European White-flowering Horse-Chestnut. A compact, handsome tree; leaves with seven leaflets from a common point. Foliage appears very early in spring; white-spotted flowers produced in large, erect trusses.

Baumannii (Hippocastanum f.-pl.). Double White-flowering Horse-Chestnut. A superb variety, with very double, white flowers. Panicles large; produces no fruit; develops a fine symmetrical head.

FRAXINUS americana. White Ash. A splendid, tall-growing tree. Foliage dark green above and light silvery beneath, fading to golden yellow. Each
8 to 10 ft.................. $2.00 $18.00
10 to 12 ft.................. 2.50

GINKGO biloba (Salishura adiantifolia). Maidenhair Tree. A remarkable tree of spreading growth in age. Deep green, thick leaves, similar in shape to those of the maidenhair fern. Rapid grower and very hardy. As a specimen or avenue tree it excels, having a very picturesque outline and retaining its leaves until very late autumn. Each
6 to 8 ft.................. $2.50 $22.50
8 to 10 ft.................. 3.75
10 to 12 ft.................. 5.00

GLEDITSIA triacanthos. Thorny Honey Locust. A fine, hardy, rapid-growing tree, with delicate foliage, long twisted pods, and thorns 3 to 4 inches long. Fine for hedges. Each
3 to 4 ft.................. $1.00 $9.00
4 to 5 ft.................. 1.50 13.50

GYMNOCADUS dioica (canadensis). Kentucky Coffee Tree. A fine ornamental tree, with a distinct, clean appearance. Rapid, erect grower, with feathery, bluish, compound foliage; interesting in winter, with its flat reddish seed-pods. Each
3 to 4 ft.................. $1.00 $9.00

HALSEA tetrapetra. Silver Bell; Snowdrop Tree. Light, irregular habit, forming a round head; leaves dark green above and pale green below. Lovely pure white flowers, resembling those of the snowdrop, but larger.
Bushy— Each
4 to 5 ft.................. $1.50 $13.50
5 to 6 ft.................. 2.50 22.50

KELREUTERIA paniculata. Varnish Tree. A charming small tree, with glossy, divided foliage, having fine autumn tints and large, terminal panicles of showy, golden yellow flowers in July. A very desirable lawn tree. 5 to 6 ft., $1.50 each, $13.50 for 10.

LIRIODENDRON Tulipifera. Tulip Tree. A noble-looking pyramidal tree, with clean trunk. Leaves are alternate and having long stalks. They are of an unusual shape, giving the impression of having the top cut off. The conspicuous flowers are of striking shape and yellow color. Each
6 to 8 ft.................. $2.00 $18.00
8 to 10 ft.................. 3.00 27.00

MAGNOLIA acuminata. A beautiful, pyramidal-growing tree; large foliage; greenish white flowers and rose-colored fruits. An excellent tree for use as a lawn specimen, and very showy in bloom and fruit. Each
8 to 10 ft.................. $4.50 $40.00
glauc. Sweet Bay. Foliage glossy green, very glaucous on under surface; white flowers in June and throughout summer; very fragrant.
Bushy plants— Each
2 to 3 ft... $3.50 | 3 to 4 ft... $4.50

Kobus. Kobus Magnolia. 4 to 5 ft., bushy, $5 each, $45 for 10.

MACROPHYLLA. Big-leaf Magnolia. 2 to 3 ft., $2 each, $17.50 for 10.

SOULANGEANA. The largest of the Chinese varieties. Flowers white, with rosy purple at base of petals. The general effect is ruddy pink. Blooms in profusion; very popular. Each
3½ to 4 ft.................. $12.50
4 to 4½ ft.................. 15.00
6 to 7-ft. specimens........... 35.00

—Alexandrina. Flowers similar to those of M. Soulangeana but appearing earlier. Each
2½ to 3 ft... $9.00 | 3 to 4 ft... $12.50

—Lennei. Lenne's Magnolia. Foliage large; flowers cup-shaped, dark purple; very showy; finest of the purple Magnolias. Each
3½ to 4 ft... $12.50 | 4 to 4½ ft... $15.00

—nigra. Purple Lily Magnolia. Darkest purple flowers of all Magnolias; blooms later than the other Chinese varieties (late in May). Each
2½ to 3 ft... $9.00 | 3 to 4½ ft... $12.50

stellata (Halleana). Dwarf species, with pure white, semi-double flowers appearing before foliage; very beautiful with narrow petals and starry form, delicate fragrance. 2½ to 3 ft., $8 each.
Deciduous Trees

Morus alba pendula

*MORUS alba pendula. Mulberry. Weeping habit and round head, the long, thin branches forming an umbrella-like structure. Each 10
5 to 6 ft., 1-yr.-head ......... $3 50 $3 10
5 to 6 ft., 2-yr.-head .. 5 00 45 00

OXYDENDRUM arboreum. Sourwood. The long, loose panicles of flowers appear in July, and when the blooming season is over, the long leaves, so far shining green, change to a conspicuous bronzey red. Both foliage and stems are quite smooth.
Each 10
2 to 3 ft. ............. $1 00 $9 00
3 to 4 ft. .......... 1 50 13 50

PHELLODENDRON amurense. Chinese Cork Tree. The spreading branches form a broad, round head. The gray bark is very cory and smooth. The black fruits emit a turpentine odor when crushed. Good for dry situations; dark green foliage, resembling that of the Aralia, and giving a tropical effect to the planting. 8 to 10 ft., $3 50 each.

PLATANUS orientalis. Oriental Plane. A superb tree of gigantic proportions, extensively used in Europe for park, street, and avenue planting, and is a favorite in this country. Dense foliage of bright green, generally five-lobed. The bark peels off the trunk and branches in autumn, leaving the whole tree of a creamy white all through the winter; the globular fruits are prickly and hang on through winter. As a shade tree, cannot be excelled.
Each 10
10 to 12 ft., 1½ to 1¾-in. cal. ...... $4 25 $3 75
10 to 12 ft., 1¾ to 2-in. cal. ....... 5 00 50 00
12 to 14 ft., 2 to 2½-in. cal. .... 7 00 60 00
13 to 15 ft., 2½ to 3-in. cal. ... 10 00
Specimens .......... $12 50 to $25 00
Larger quantities and sizes, prices on application.

POPLUS alba nivalis. Silver Poplar. A very conspicuous tree. Foliage green above, silvery white and downy beneath, making a wonderful contrast. 6 to 8 ft., $1 75 each, $15 for 10.

Populus Boleana. Poplar. Grows 60 to 80 feet high. Similar in habit to the Lombardy Poplar; very emphatic and a distinct-looking tree; has silvery white foliage.
Each 10
5 to 6 ft. ............. $1 25 $10 00
Spec., 18 to 20 ft., 4 to 5-in. cal. .... $3 50

P. italica (fastigata). Lombardy or Italian Poplar. One of our most ornamental and picturesque trees; of remarkably rapid growth and erect habit; triangular leaves smaller than preceding. Admirable for formal and general landscape effects and very largely planted for that purpose.
Each 10
5 to 6 ft. ............. $1 00 $9 00
6 to 8 ft. ............. 1 50 13 50

Japanese Flowering Cherries

Amanogawa (Prunus lannesiana erecta). Fastigiate habit; when mature assumes a columnar form. Semi-double, soft pink flowers. Each 3 to 4 ft., $3 50 | 5 to 6 ft. .......... $6 00
4 to 5 ft. .... 5 00

Benichi. A good variety with double rosy pink flowers shading to bluish. 4 to 5 ft., $5 each.

Gyoiko (P. lannesiana, Giaoiko). A very floriferous variety with greenish yellow flowers, having red stripes, and turning pink when fully open.
Each 3 to 4 ft. .......... $3 50 | 4 to 5 ft. .......... $5 00

Higurashi (P. lannesiana amabilis). Double rose-pink flowers. 3 to 4 ft., $3 50 each.

Hosokawanoi (P. lannesiana, Hosokawa-odora). Double shell-pink flowers. Each 3 to 4 ft. .... $3 50 | 4 to 5 ft. .......... $5 00

James H. Veitch (Fugenzo; P. serrulata sachalinensis, Fugenzo). One of the very best varieties. The large, double pink flowers with reddish green calyx make a strong contrast with the foliage. Each 3 to 4 ft. ...... $3 50
4 to 5 ft. ...... 5 00
5 to 6 ft. .... 6 00

Platanus orientalis

Rutherford, N. J.
Bobbink & Atkins

Deciduous Trees

Salix babylonica

JAPANESE FLOWERING CHERRIES, continued

Mount Fuji (Shirota; P. lannesiana, Shirota). One of the very best white varieties. Flowers very large, double, white, very conspicuous. Each 3 to 4 ft. $3.50 5 to 6 ft. $5.00 4 to 5 ft. $8.00 6 to 7 ft. $9.00 Rosea pendula (Shidare-Higan; P. subhirtella pendula). Weeping Japanese Cherry. This, no doubt, is one of the most beloved Japanese Cherries. As a lawn tree, it can hardly be excelled. The weeping, slender branches are covered with a multitude of light pink flowers which appear way before any of the other Japanese Cherries come in bloom. Crown on 3 to 6 ft. stem, $6 each, $50 for 10.

Shirofugen (P. serrulata sachalinensis albo-rosea). Large, double, pinkish white flowers. Each 3 to 4 ft. $3.50 5 to 6 ft. $6.00 6 to 7 ft. $8.00

Torano. Excellent variety with double rosy pink flowers. 4 to 5 ft. $5 each.

QUERCUS bicolor. Swamp White Oak. A stately tree with light grayish brown, scaly bark. Foliage deeply lobed with whitish hairs beneath; the leaves turn to bright, handsome scarlet in autumn. Each 10 to 12 ft., 2 to 3½ in. cal. $2.50 each. $6.50 for 10.

coccinea. Scarlet Oak. A native tree of fine, rapid growth, remarkable for its bright shining foliage which is about 6 to 8 inches long, deeply lobed; has fine autumn coloring. Each 10 to 12 ft. 2 to 3½ in. cal. $6.50 12 to 14 ft. 2½ to 3 in. cal. $9.00 palustris. Pin Oak. A superb and very distinct tree, with graceful, drooping branches. Pleasing bright green foliage, deeply lobed, with sharp points, changing to deep red in autumn. Very valuable as a lawn tree and for avenues.

Price of Quercus palustris

Phellos. Willow Oak. Very distinct variety with long, narrow leaves and smooth bark. Wonderful fall coloring, red and bronze; makes a compact, shapely head. Each 6 to 8 ft. $5.00 8 to 10 ft. $7.00

Prunus (Chestnut Oak). A very rapid grower whose leaves closely resemble those of the chestnut. Each 8 to 10 ft., 1½ to 1½-in. cal. $4.00 10 to 12 ft., 1½ to 1½-in. cal. $5.00 12 to 14 ft., 1½ to 2-in. cal. $6.00

Robur fastigiata (pyramidalis). Green Pyramidal Oak. Handsome, monument-like Pyramidal Oak with dark green foliage. A fine subject for formal work. 10 to 12 ft., 2 to 2½ in. cal. $10 each.

rubra. American Red Oak. Splendid tree of stately aspect, quickly develops a broad, round head. The shiny leaves are 6 to 8 inches long, and deepen into red in autumn. A handsome tree, either for the lawn or for avenues. Each 10 to 12 ft., 1½ to 1½-in. cal. $5.00 10 to 12 ft., 1½ to 2-in. cal. $7.00 12 to 14 ft., 2 to 2½-in. cal. $9.00 14 to 16 ft., 2½ to 3-in. cal. $10.00 14 to 16 ft., 3 to 3½-in. cal. $15.00

ROBINIA hispida. Hairy Locust. Very low and shaggy, with beautiful, clear pink flowers in loose racemes. All parts of the plant, except the flowers, are bristly or hairy. Each 2 to 3 ft. $0.75 3 to 4 ft. $1.50 —rosea. We have a distinct improved variety with large pink, wisteria-like trusses. Pot-grown plants, $1.50 each, $15.00 for 10.

Pseudocacia. Common Locust. Medium-sized, rapid-growing tree, with light green, smooth foliage. The racemes of fragrant, white, pea-shaped blossoms are produced in abundance. This tree is renowned for its tough, indestructible hard wood. 6 to 8 ft., $1.50 each, $13.50 for 10.

*SALIX babylonica. Common Weeping Willow. Wavy, bright green foliage, borne on very slender, pendent branches. An old favorite. Each 8 to 10 ft. $3.50 10 to 12 ft. $4.00

Caprea. Pussy Willow. Leaves rather broad, light green covered with hairs, which on the lower side; opening catkins or flowers very conspicuous in early spring; small tree with ascending branches. Each 4 to 6 ft. $3.50 6 to 8 ft. $5.00 Larger quantities, prices on application.

*elegantissima. Thurlow’s Weeping Willow. Long, spreading branches, beautifully drooping, with yellow bark spotted brown. One of the handsomest of all weeping forms of the Willow. Each 8 to 10 ft. $1.50 10 to 12 ft. $2.50 12 to 14 ft. $4.00

incana (rosmarinifolia). Long, thin branches, and leaves 5 inches long, but very narrow, with silver hairs underneath. Very graceful. Each 2 to 3 ft. $0.75 3 to 4 ft. $1.00 4 to 5 ft. $1.50

pentandra (lauriolata). Laurel-leaved Willow. Shining dark green foliage. Vigorous grower and very ornamental. Each 5 to 6 ft. $1.00 6 to 7 ft. $1.50 7 to 8 ft. $2.50

vitellina aurea. Grown in Wilt. Grows into a large tree with a short, thick trunk. The golden yellow branches contrast effectively with the white under surface of the leaves. 6 to 8 ft., $1.50 each, $13.50 for 10.
Deciduous Trees

SORBUS Aucuparia. European Mountain Ash. A fine tree, dense and regular; covered all summer with great clusters of scarlet berries. 6 to 8 ft., $2 each, $18 for 10.

—pendula. Weeping Mountain Ash. The long, slender branches are recurved and form a parasol-like arrangement. Very choice for lawns. 6 to 7 ft., $6 each.

TILIA cordata. Forms a large tree with numerous branches and twigs; bark is reddish brown and smooth; leaves rather small, thin, heart-shaped, pale green below with tufts of brownish hairs on vein junctions. Flowers late, sweetly scented. Each 12 to 14 ft., 3 to 3 ½-in. cal., $15.00
12 to 14 ft., 3 ½ to 4-in. cal. .......... 20.00

platyphylos. Broad-leaved European Linden. Superb tree, with immense, oblique foliage; fragrant yellow flowers appear very early. A majestic and striking tree for the avenue or lawn.

Each 10
10 to 12 ft., 1 ¾ to 1 ¾-in. cal. .......... $4 50 $4 00

ULMUS americana. American White or Water Elm. One of the noblest and most beauti-

Ulman americanca, continued

ful of our native trees, with prettily serrated leaves; very tall-growing and stately. Each 10
10 to 12 ft., 1 ¾ to 1 ¾-in. cal........... $4 00 $3 50
10 to 12 ft., 1 ¾ to 2-in. cal........... 5 00 45 00
12 to 14 ft., 2 to 2 ½-in. cal........... 6 00 55 00
12 to 14 ft., 2 ½ to 3-in. cal........... 8 00
14 to 16 ft., 3 to 3 ½-in. cal........... 10.00

Larger quantities and prices on application.

campestris. English Elm. Used extensively in Europe as a shade tree. It grows higher than American Elm, but not as wide. The bark is light gray and smooth. Each 10
10 to 12 ft., 1 ¾ to 2-in. cal........... $6 00 $5 50
12 to 14 ft., 2 to 2 ½-in. cal........... 7 50
14 to 16 ft., 2 ½ to 3-in. cal........... 10.00

foliacea umbraculifera (umbraculifera). A striking form of an Elm with a clean straight stem, having a light gray bark. Much branched at top, forming a compact, globe-shaped head, densely covered with rather small leaves.

Standards—Specimens. 8-ft. stems; total height 12 ft., $35 each.

—Wheatley (campestris Wheatley). Wheatley’s Pyramidal Elm. This is the most attractive pyramidal Elm for avenue and street planting, with rather small leaves; retains its verdure the entire summer. Vigorous grower; very straight; branched from ground up. Each 10
10 to 12 ft., 3 ½ to 4-in. cal........... $20 00
12 to 14 ft., 4 to 4 ½-in. cal........... 25 00

*glomerata pendula (montana pendula). Camperdown Weeping Elm. One of the finest drooping lawn trees, the long branches spread horizontally in an attractive way, and then gracefully turn down. 7-ft. stem, 1 ½-ft. cal., $5 each.

Young American Elms

Our Special Illustrated Rose Catalogue is replete with varieties of Roses for every kind of planting. Mailed on request

23
Deciduous Flowering Shrubs

Irregular massing is the most picturesque method of shrub planting, and a selection of varieties suitable for every requirement can be made from the following extensive list.

Should the shrubs arrive in a frozen condition, thaw out gradually in a cool place. When planting, the best way to maintain a balance between roots and branches is to cut the latter back to half their length. The holes should be made large enough to allow the roots to be spread out in a natural way. Firm planting is essential to the future well-being of the shrubs. Leave a shallow depression around the plant, so that water will not flow away. The top soil should be kept loose to a depth of 2 to 3 inches; this aids in retaining the moisture. Annual pruning should be done directly after flowering. The old, scraggy wood and spindly shoots should be cut out. If heavy bushes are desired, we have many specimens that will produce immediate effect.

We fill every order with shrubs dug fresh from our Nurseries, as winter storing decreases their vitality.

**ACANTHOPANAX pentaphyllum** (*Aralia pentaphylla*). A distinct, ornamental shrub, with graceful, arching branches and bright green foliage, borne in fives and sevens. Admirably adapted for banks and slopes. Each 10
2 to 3 ft. ................................ $0.80
3 to 4 ft. ................................ 1.00

**CECULUS parviflora** (*P. macrostachya*). Dwarf Horse-Chestnut. Very handsome for the lawn; smooth leaves and white flowers. 3 to 4 ft., $5 each.

**ALTHAEA**. Rose of Sharon. In variety. Each 10
2 to 3 ft. ................................ $0.75
3 to 4 ft. ................................ 1.00
Standards, strong plants ............... 6.00

**AMELANCHR canadensis** (*Botryapium*). Common Dwarf Juneberry. A very fine, early-flowering variety, bearing showy white flowers, which are succeeded by small, purplish fruits; the young leaves are covered with white hairs. Each 10
2 to 3 ft. ................................ $0.75
3 to 4 ft. ................................ 3.00

**AMORPHA fruticosa**. Indigo Bush. A strong-growing shrub 8 to 10 feet high, having compound feathery foliage and finger-like spikes of indigo-colored flowers; blooms early in June. Each 10
2 to 3 ft. ................................ $0.65
3 to 4 ft. ................................ 8.50

**ANDROMEDA**. See *Oxydendrum* and *Zenobia*.

**ARALIA pentaphylla**. See *Acanthopanax*.
ARONIA (Pyrus) arbutifolia. Red Chokeberry. Very ornamental shrub with leaves having woolly under surface; bright autumn tints; pure white flowers and bright red berries.

AZALEA. See also page 10. For brilliant coloring and profusion of bloom, there are no other shrubs that can rival the Azaleas. When in bloom the whole bush is one mass of color, varying in softness, according to variety, from pure soft solid tone to flaming tints of the Mollis varieties. With conditions similar to hybrid rhododendrons, i.e., semi-shady and moist, they flourish remarkably well and any extra care, such as a mulch of leaf-mold each fall, will be repaid by a wonderful floral display the following spring.

nudiflora. Pinxter Flower. Free-flowering; showy pink flowers in April and May. 1½ to 2 ft., $3 each, $25 for 10.

occidentalis. Flowers white, tinged rose; very fragrant and hardy, flowers very late. Rare. Blooms in June. 2 to 2½ ft., $6 each.

ponica. These, the Hardy Ghent Azaleas, have always been very popular, but are not used in mass enough to appreciate their wonderful beauty. The lustrous leaves when young are covered with silky hair, and in autumn turn to dull red and brown. In association with rhododendrons, they make a fine effect; for best results should be treated similarly.

BACCHARIS halimifolia. Groundsel Tree. A native shrub. Grows well at the seashore. It has dark green foliage and white, fluffy clusters of seed-vessels, in September and last until after frost. 2½ to 3½ ft., $1 each.

Berries of Berberis Thunbergii
BERBERIS ilicifolia. Large, shining dark green leaves, which hold until late in winter. Fine for planting under trees. $0.50 to $1.25 each.

Thunbergii. A beautiful Japan variety of dwarf habit. The spray-like branches have spines on them, and are covered with small foliage, changing to beautiful red in autumn. It bears a mass of bright scarlet fruit, which is very attractive during the winter months. Very desirable for grouping; a fine low hedge plant. Each 10

1½ to 2 ft., bushy. $0.50 $4.50
2 to 2½ ft., bushy. 75 6.50
2½ to 3 ft. 1.00 8.00

Globe-shaped specimens, 3 ft. 10.00

For larger quantities, see Hedge Plants, page 39

—minor. Box Barberry. A dwarf form of the Japanse Barberry; excellent for edging or bordering.

Each 10

8 to 12 in. $0.40 $3.50
12 to 15 in. 50 4.50
Pot-grown plants 50 4.50

Buddleia amplissima. A new variety having extremely long racemes of delicately shaded lilac flowers. 75 cts. each, $0.50 to $1.00.

Lindleyana. Choice purplish violet flowers in long, dense racemes which stand erect. Pale green leaves, 2 to 4 inches long. Grows 3 to 6 feet high. Bears the flowers. ½ to 2 ft., $1.25 each.

magnifica (variabilis magnifica). A truly beautiful form of the above species with deep purple-lilac flowers, borne in long, graceful panicles, commencing to open in midsummer and continuing until frost. The long, gray-green leaves add greatly to its beauty, and in every way it is a good addition to late-blooming shrubs. Strong clumps, 50 cts. each, $4.50 to 10.

superba. An exceptionally beautiful variety. The flower-spikes are much larger than the above varieties, and also very full and more uniform. Floriferous. $1.50 each.

CALLICARPA purpurea. Chinese Beautyberry. Small, whitish flowers in August and September, followed by beautiful purple fruit, borne in clusters, and remaining until midwinter. Very choice. ½ to 2 ft., 85 cts. each, $6.50 to 10.

CALYCANTHUS floridos. Common Sweet Shrub. Large, handsome foliage, generally rough on upper surface; double, chocolate-colored flowers, which have a pleasing spicy odor. Very ornamental shrub.

Each 10

1½ to 2 ft. $0.75 $6.50
2 to 2½ ft. 1.00 8.00

CARAGANA arborescens. Siberian Pea Tree. A shrub or low tree having pea-shaped, yellow flowers in May; leaves have eight to twelve leaflets.

Each 10

2 to 2½ ft. $0.75 $6.50
3 to 4 ft. 1.00 8.00

CEPHALANTHUS occidentalis. Button Bush. A tall native shrub, with lustrous leaves and globular heads of white flowers in July.

Each 10

2 to 2½ ft. $0.75 $6.50
2½ to 3 ft. 1.00 8.00

CHENOINES. See Cydonia.

CHIONANTHUS virginica. White Fringe. A choice lawn tree of neat, elegant habit, with large, dark green, glossy foliage, producing in June numbers of showy racemes of pure white, feathery flowers. Extremely decorative.

Each 2 to 2½ ft. $1.50 to 4 ft. $3.50

CLETHRA alnifolia. Summer Sweet. An upright, slow-growing shrub; spikes of fragrant white flowers in midsummer, and smooth, sharply toothed leaves.

Each 10

2 to 2½ ft. $0.75 $6.50
3 to 4 ft. 1.00 8.00

CLOUETA arborescens. Common Bladder Senna. Large shrub with small, light green acacia-like foliage and yellow or yellowish-red pea-shaped flowers in June and July, followed by reddish balloon-like pods.

Each 10

3 to 4 ft. $0.75 $6.50
4 to 5 ft. 1.00 8.00

COMPTONIA asplenifoia. Sweet Fern. An excellent, dwarf, compact shrub with small, fern-shaped foliage. Most useful for undergrowth and shady locations. 1½ to 2 ft., 90 cts. each, $6.50 to 10.

CORNUS alba sibirica (sibirica). Red Osier Dogwood. A rare variety, with bright red bark in winter.

Each 10

2 to 3 ft. $0.75 $6.00
3 to 4 ft. 90 6.50

mas (mascula). Cornelian Cherry. Bright yellow flowers in spring; scarlet fruit. 2 to 3 ft., 85 cts. each, $6.50 to 10.

racemosa (paniculata). White flowers and fruit.

Each 10

2 to 3 ft. $0.75 $6.00
3 to 4 ft. 90 7.00

sanguinea. The well-known red-branched Dogwood. Very conspicuous in winter, when the branches are blood-red. Leaves hairy on both sides.

Each 10

2 to 3 ft. $0.75 $6.00
3 to 4 ft. 90 7.00

stolonifera. A native species, with smooth, slender branches, which are usually red in winter; white fruit.

Each 10

2 to 3 ft. $0.75 $5.50
3 to 4 ft. 85 6.50
—flaviramea (aurea). Bright yellow bark; very attractive. 2 to 3 ft., 90 cts. each, $4.50 to 10.

CORYLOPSIS pauciflora. Very rare. Flowers light yellow in early spring and more profuse than those of C. sibirica. Bushy, compact habit. Fine specimens, 2 to 3 ft., $1.00 each.

spicata. Flowering Hazel. Rare. Bright yellow flowers and pale bluish green foliage. Very attractive in early spring when covered with flowers. Extra-fine specimens—

Each 4 to 5 ft. $10.00 5 to 6 ft. $15.00

Buddleia magnifica
Crataegus Oxyacantha

Corylus Avellana. Tall-growing, spreading shrub, with roundish leaves and the nuts standing out distinctly. 2 to 3 ft., 90 cts. each, $7.50 for 10.

—Atrypurpurea. Purple-leaved Filbert. A very conspicuous shrub, with large, dark purple leaves. Fine for planting either en masse or singly. Each 10

1½ to 2 ft. .......... $1 50 $1 75
2 to 2½ ft. .......... 2 00 2 75

Crataegus Carrierei. Large, dark green, glossy foliage. Fruit large, dark red, very showy. Hangs to the tree long into the winter. Each

3 to 4 ft. .......... $2 50 | 5 to 6 ft. .......... $3 00
4 to 5 ft. .......... 2 50

Punctata. Dotted branches grow out horizontally, sometimes with short, thick thorns; leaves sometimes lobed; irregularly toothed with leaf-stalks having a wing; large flowers and dull red fruits about ½ inch in diameter. Has a picturesque outline. Each 4 to 5 ft. .......... $1 75 | 5 to 6 ft. .......... $2 50

Cydonia (Chamomeles) japonica. Japan Quince. A very showy, popular shrub, which bears such a profusion of dazzling scarlet flowers in early spring that it is called "Burning Bush" in some places; yellow pear-shaped fruits. Excellent spiny hedge plant. Each 10

1½ to 2 ft. .......... $1 50 | 2 to 2½ ft. .......... $2 50

Cytisus (Genista) scoparius. Scotch Broom. A curious, hardy shrub, with small leaflets in threes, and small yellow flowers in May. Valuable for sandy soil and seaside planting. Unique and very handsome. Pot-grown plants, 2 to 2½ ft., $1 each, $9 for 10.

See Laburnum for other varieties of Cytisus

Daphne mezereum. Mezereum Pink. A small, hardy shrub, growing 4 feet high, and blooming in March, long before the leaves appear. The deep red flowers appear closely along the stems, and have a delightful, penetrating fragrance. 75 cts. each, $6.50 for 10.

Desmodium. See Lespedeza.

Deutzia gracilis. A fine, hardy shrub, forming a round and compact mass of white in June; also used for forcing; leaves are rather rough and of a soft green. Makes a pretty hedge. 12 to 15 in., 65 cts. each, $6 for 10.

Lemonei. Rather low-growing; has slender, arching branches; foliage bright green 2 to 3 inches long, and narrow. Large clusters of graceful white flowers freely produced. 1½ to 2 ft., 65 cts. each, $6 for 10.
Deutzia scabra candidissima. A very valuable shrub, with strong, upright branches, producing its pure white double flowers in abundance. It is a tall grower, often reaching 8 feet and more. Very beautiful. Each 10
2 to 3 ft. .......................... $0 65 $5 00
3 to 4 ft. .......................... 85 6 00
4 to 5 ft. .......................... 1 00 7 00
—plena (crenata plena). Flowers double, pinkish white, in spikes 5 inches long; one of the most satisfactory shrubs; tall and of rapid growth. Each 10
2 to 3 ft. .......................... $0 65 $5 00
3 to 4 ft. .......................... 85 6 00
—, Pride of Rochester. A profuse bloomer; large, double, white flowers, tinged pink. One of the best Deutzias. It is a vigorous grower and an early bloomer. Each 10
2 to 3 ft. .......................... $0 65 $5 00
3 to 4 ft. .......................... 85 6 00
4 to 5 ft. .......................... 1 00 7 00

ELEAGNUS umbellata. Spreading shrub, with yellowish brown branches, leaves silvery white beneath; fruit ripens late and hangs on till midwinter. Each 10
2 to 3 ft. .......................... $0 75 $6 50
3 to 4 ft. .......................... 90 7 50
4 to 5 ft. .......................... 1 00 8 50

ENKIANTHUS campanulatus. A charming ornamental shrub, with drooping racemes of short yellowish or pale orange flowers, veined darker. These, with the brilliant red foliage in autumn, make this one of the handsomest shrubs for the greater part of the year. Flowers in May. Each 10
5 to 6-ft. specimens .......................... $12 50
6 to 7-ft. specimens .......................... 15 00
7 to 8-ft. specimens .......................... 17 50

perulatus (japonicus). A beautiful little shrub up to 6 feet with drooping, white, lily-of-the-valley-like flowers in May. Smooth, round leaves turning to brilliant tones of yellow and red in autumn. Branches are horizontal. Has black fruits. Rare. Extra-fine old bushy specimens. Each 10
2½ to 3 ft., bushy specimens .......................... $9 00
3 to 3½ ft., bushy specimens .......................... 12 50

alatus. The foliage is a fine rose-color in autumn. The branches are winged with a corky layer. Each 10
2 to 3 ft. .......................... $1 25 $10 00
3 to 4 ft. .......................... 1 50 17 50
4 to 5 ft. .......................... 2 50

Bungeanus. Winterberry Euonymus. A fast-growing shrub with slender branches and white or pinkish four-angled fruit with orange arils in September and October. Each 10
3 to 4 ft. .......................... $0 75 $6 00
4 to 5 ft. .......................... 90 7 50
europaeus. A large shrub or tree, bearing rose-colored capsules with red seeds in autumn. Strikingly conspicuous. Each 10
3 to 4 ft. .......................... $0 75 $6 00
4 to 5 ft. .......................... 90 7 50
Hydrangea opuloides otaksa

EXOCHORDA grandiflora. Pearl Bush. A first-class shrub, producing its large, dazzling white flowers in May. One of the finest shrubs of its season.

Each 10
2 to 3 ft. $0.85 $0.75
3 to 4 ft. 1.00 9.00

FORSYTHIA intermedia. Golden Bells. Flowers bright golden; foliage glossy green and often three-lobed.

—spectabilis. This is, no doubt, by far the best Forsythia grown today. It is so much superior in color and size of flower that there is no comparison with the other varieties. When in bloom, the flowers absolutely cover the stem. Each 10
2 to 3 ft. $0.65 $0.60
3 to 4 ft. 0.80 7.00
4 to 5 ft. 1.00 8.50

suspena. Weeping Golden Bell. Somewhat pendulous in habit. A valuable shrub for borders; the branches droop like arches of gold. Each 10
2 to 3 ft. $0.65 $0.60
3 to 4 ft. 0.80 7.00
4 to 5 ft. 1.00 8.50

—Fortunei. Bark bright yellow; very vigorous, rather erect growth; blooms in dense masses of golden flowers in April.

—Sieboldii. Golden plumes borne very profusely in April.

viridissima. Blooms just as the leaves unfold in masses of golden, bell-like flowers; has long, deep green, smooth leaves.

Any of the above, except where noted:

Each 10
3 to 4 ft. $0.60 $0.50
4 to 5 ft. 1.00 7.50
6 ft., heavy clumps 2.50 22.50

GENISTA. See Cytisus.

HAMAMELIS virginiana. Bears small, bright yellow flowers in late autumn; leaves roughly heart-shaped, about 6 inches long.

Each 10
2 to 3 ft. $0.75 $0.60
3 to 4 ft. 0.90 7.00
4 to 5 ft. 1.00 9.00

HYPERICUM calycinum. Aaron’s Beard. Rapidly spreading sub-shrub attaining 1 foot in height. The golden yellow flowers appear in August.

35 cts. each, $3 for 10.

Moerianum. Gold Flower. A dwarf shrub with golden yellow flowers and crimson stamens from June to September. 35 cts. each, $3 for 10.

Hydrangea hortensis

Among the most valuable and most effective flowering plants in America today must surely be included all of the varieties of Hydrangea hortensis. They are valuable not only as forced for Easter decoration by the florists, but even more so when used for the outdoor decoration of the porch, the garden, and the lawn. When allowed to bloom in their natural flowering period of July and August, these plants are extremely desirable.

The Hydrangeas are, without doubt, the very best for seashore planting. The wonderful sight produced at the resorts along the coast of New Jersey by the great banks of Hydrangea bloom is something that cannot be soon forgotten. In the above places, and also in Rhode Island, plants may be seen which have reached a height of over 6 feet and a diameter of 10 to 12 feet.

When planted in most soils, the Hydrangeas naturally produce pinkish flowers, while in other soils the flowers may come blue. However, blue flowers may be had by mixing about one-half pound of alum with each bushel of soil. Water, in which iron has been rusted, may also be used, as well as iron filings which can easily be incorporated into the soil.

Generally, the Hydrangeas are shipped in pots or tubs, but it is not necessary to grow them on in that way. In fact, when planted out of pots they will do wonderfully well.

For protection during the winter months, the tubbed plants should be moved into a cool cellar where they will not freeze, and should be kept just moist enough to keep the roots from drying. The larger plants, grown in the ground, may be protected by boxing them in, while the smaller ones may be covered with leaves and straw and tied up in a canvas or some other waterproof material.
Flowering Shrubs

**Jasminum humile (revolutum).** Italian Jasmine. Has angled branches and bright golden flowers in loose clusters.

**Officinale.** Common White Jasmine. Vigorous grower; has a profusion of pure white flowers, deliciously fragrant, shining out from the glossy leaves.

Any of the above, pot-grown plants, $1 ea., $7.50 for 10

**Kerria japonica.** Globe Flower. A green-branched shrub, with nicely cut leaves, conspicuous in winter; abundant yellow flowers from June to October.

—*Flore-pleno.* Handsome, double, yellow, rose-shaped flowers.

Any of the above, 2 to 2 1/2 ft., 90c. each, $7.50 for 10

**Laburnum vossii.** A dwarf tree or shrub. This variety is hardier and the racemes larger than in the following type. 6 to 8 ft., $4 each, $35 for 10.

**Vulgare** (*Cytisus Laburnum*). Golden Chain. A dwarf tree or large shrub, with shining green leaves and racemes of yellow flowers in early summer.

**Ilex verticillata.** Common Winterberry. A very decorative shrub with clusters of small white flowers in May and June, followed by a multitude of bright scarlet berries which remain practically throughout the winter. 2 to 3 ft., $1 each, $8 for 10.

**Itea virginica.** Virginian Willow. One of the prettiest native shrubs; produces racemes of pure white flowers during June, which have a fragrance not unlike the pond-lily. 1 1/2 to 2 ft., 85c. each, $7 for 10.
Ligustrum Lodense. A very hardy, compact dwarf bushy Privet, even hardy as far north as Massachusetts. Where a low, perfect hedge or border is desired, it is without a rival. It is almost evergreen, the dark green leaves persisting until far in the winter. As an individual shrub it is also very valuable.

Malus floribunda

Malus. The flowering Crab-apples form one of the leading types of spring-flowering ornamentals. In habit they are bushy shrubs or small trees and range in color from deep carmine to the most delicate pinks and white. In the fall, the conspicuous fruits of red or yellow, interspersed through the charming green foliage, are equally attractive.

The real value of the Flowering Crab-apples does not seem to be widely known or appreciated. A visit in the spring to the Arnold Arboretum, at Boston, where hundreds of Flowering Crabs may be seen in a great blanket of color, would leave an impression that would never be forgotten.

The Flowering Crabs lend themselves well to lawn
MALUS, continued

planning. Over large areas, they may be placed in
groups, while on smaller lawns they may be used as
specimens. When added to the shrubbery bed, either
individually or in groups, they enhance the value of
the planting with their profusion of color. In general,
the Flowering Crabs will more than repay the owner
for the little care necessary for their growth.

**Malus Arnoldiana.** A bushy variety with abundant,
showy, pale rose flowers which appear with the
leaves. Attractive yellow fruit in fall. Each
3 to 4 ft. $2.00  7 to 8 ft. $4.50

**Malus atrosanguinea.** Carmine Crab. Makes a good head,
covered with deep carmine flowers, not fading
white, followed by ornamental fruit. Each
3 to 4 ft. $2.00  4 to 5 ft. $3.00  5 to 6 ft. $4.00

**Malus baccata.** Siberian Crab. Small, spreading tree;
leaves bright green; flowers pure white and fra-
grant; ornamental fruit, yellow spotted red. Each
2 to 3 ft. $25  3 to 4 ft. $100

**Malus floribunda.** Japanese Flowering Crab. Forms a
shapely bush or small tree; bud warm red, open-
ing to light pink, delicately shaded. Delicate fra-
grance. In spring, the bush is a mass of color; this
is the most prolific of all. Each
3 to 4 ft. $2.00  4 to 5 ft. $3.00  5 to 6 ft. $4.00

**Malus Niedzwetzkyana.** Red-vein Crab. A looser-
growing variety than *M. floribunda*; picturesque in
winter; produces a wealth of deep pink flowers,
fading white. 2 to 3 ft., $1.25 each; $10 for 10.

**Parkmanii.** Parkman Crab. Has semi-double
flowers, beautifully flushed warm rose; grows
similar to above. Each
3 to 4 ft. $2.00  4 to 5 ft. $3.00  5 to 6 ft. $4.00

**Malus robusta.** Cherry Crab. A vigorous grower with at-
ttractive flowers and bright yellow fruits striped
and overlaid with red. 3 to 4 ft., $2 each.

**Malus Sieboldii calocarpa.** Shrub or small tree with blush
pink flowers in clusters and peau-shaped fruits of
red and yellow. 3 to 4 ft., $2 each.

**Malus theifera.** A handsome and very scarce variety with
fragrant flowers and beautiful waxy fruit with
rimson cheeks. One of the choicest. 3 to 4 ft.,
$2 each, $17.50 for 10.

**Malus spectabilis.** Chinese Flowering Crab. Has beautiful
coral-red buds paling to delicate rose when fully
expanded; exquisite fragrance; nice habit, very
hardy. 3 to 4 ft., $2 each, $17.50 for 10.

**Myrica cerifera.** Bayberry; Wax Myrtle. Shining,
dark green leaves, almost evergreen, and having a
rich fragrance; small, bluish berries with a coating
of waxy substance. Grows 3 to 5 feet high and
bushy. Very hardy and of easy cultivation. Excellent
for seashore planting. Each
1½ to 2 ft. $0.75  2 to 3 ft. $1.00  3 to 4 ft., $2 each.

Standards. $2.50 to 3 50.
**Flowering Shrubs**

**PTLEA trifoliata.** Hop Tree. Of robust growth and habit, with flat, hop-like fruit in clusters and leaves composed of three leaflets. Each $0.75 to $6.00.

**PYRUS.** See Aronia.

**RHAMNUS cathartica.** Common Buckthorn. A well-known fine, tall-growing shrub or hedge plant, having spiny branches, lustrous green leaves and black berries; extremely hardy. 2 to 3 ft., 65 cts. each, $5 for 10.

**RHODOTYPOS kerrillodes.** Foliage very large and handsome; branches clustered with delicate white, pendulous flowers in spring, followed by black berries, which persist throughout the winter. 2 to 3 ft., 75 cts. each, $6 for 10.

**RHUS canadensis (aromatica).** Fragrant Sumac. Spreading shrub, with pretty, lobed leaves. Flowers in small yellow clusters and bright red fruit; fine as an under-shrub or for rough, rocky places. 2 to 3 ft., 90 cts. each, $7 for 10.

**cotinus.** Common Smoke Tree; Purple Fringe. A large-growing shrub with fringe-like or feathered flowers in summer. When in bloom has the appearance of a cloud of smoke. 2 to 3 ft., $1 each, $8 for 10.

**glabra.** Smooth Sumac. Crimson hairy seeds in autumn; narrow, serrated leaflets, with white under-surface, turning scarlet in fall. Fine for color effects, 4 ft., 5 cts. each, $6.50 for 10.

**typhina.** Staghorn Sumac. One of the most brilliant plants in autumn, with lovely foliage and velvety bark. Each $0.75 to $6.50.

**laciniata.** Fern-leaved Staghorn Sumac. The leaves are as beautifully cut as the most delicate fern. The foliage assumes most brilliant coloring in the fall. This, combined with its showy clusters of crimson fruit, makes it unique for mass planting where rich color effects are desired. Each 4 ft., $0.75 to $6.00.

**RIBES alpinum.** Mountain Currant. Small, yellowish green flowers in great profusion; has whitish branches and scarlet fruits; very distinct. 1 1/2 to 2 ft., 75 cts. each, $6 for 10.

**odoratum (auricatum).** Beautiful yellow flowers; very fragrant; smooth, shining foliage; fruit black, with a bluish bloom. 3 to 4 ft., 85c. ea., $7 for 10.

**ROSES.** The following varieties should be used more freely in connection with the planting of groups of deciduous flowering shrubs.

- **Rosa rugosa.** Single pink flowers; very profuse bloomer. 60 cts. each, $5 for 10.
- **rugosa.** Large, single pink-magenta or rosy crimson flowers; fragrant. Blooms early. 75 cts. each, $6.50 for 10.
- **alba.** Single. Pure white. 75 cts. each, $6.50 for 10.
- **rubiginosa.** Favorite old-fashioned Sweetbrier. Bright pink, $1 each, $9 for 10.
- **setigera.** The Prairie Rose. Large, single flowers of old rose. 60 cts. each.

**Wichuraiana.** Memorial Rose. Single; white; excellent for covering banks and rockeries. 60 cts. each, $5 for 10.

For other Roses, ask for our Special Rose Catalogue.

**SAMBUCUS canadensis.** Common Elder. Pithy stems, with compound leaves; broad heads of white flowers in June, and dark red berries in autumn.

- **acutiloba (canadensis laciniata).** A very beautiful variety; foliage curiously divided. Very fine effect.
- **nigra.** European Elder. Fine shrub for massing; flowers creamy; fruit black.
- **aurea.** Golden yellow foliage; one of the best golden-leaved shrubs.
- **pubens (maxima pubescens).** New. Very distinct variety; flowers in gigantic trusses, 20 inches in diameter; blooms in July and September, succeeded by masses of red berries. $1 each.
- **racemosa plumosa.** Twigs are four-angled; leaves beautifully cut and drooping; flowers in racemes, followed by showy red fruit.

**Prices of Sambuccus except where noted:**

Rosa rugosa
Flowering Shrubs

SORBARIA Aitchisoni. Kashmir False Spirea. Graceful shrub with compound foliage and creamy white flowers from July to September. 3 to 4 ft., $3 each, $8 for 10.

SPIRÆA Aitchisoni. See Sorb aria Aitchisoni.

arguta. Feathery foliage and very profuse, pure white flowers in early May. Dwarf. Each 10
2 to 2 1/2 ft. ........................................... $0.50 $0.95
3 to 4 ft. ........................................... 1.00 1.00
Billardi i. Brown, hairy branches, with doubly toothed foliage; bright pink flowers during July and August. Tall. Each 10
2 to 3 ft. ........................................... $0.70 $0.60
3 to 4 ft. ........................................... 0.80 0.80
Bumalda. Very handsome; has shapely cut leaves; clusters of beautiful rose-colored flowers in midsummer and autumn. Dwarf. 1 1/2 to 2 ft., 80 cts. each, $6 for 10.

—Anthony Waterer. Grows dwarf, seldom exceeding 2 feet in height; in constant bloom from June until October. Fine hedge plant. 1 1/2 to 2 ft., 85 cts. each, $6.50 for 10.

callosa Fortunei (callosa alba). Fortune's Dwarf White Spirea. Soft, white form; blooms all summer. Dwarf. 1 1/2 to 1 3/4 ft., 75 cts. each, $6.50 for 10.

Douglasii. Has spikes of beautiful, deep rose-colored flowers in July and August, contrasted against the white downy leaves. Tall. 3 to 4 ft., 75 cts. each, $5.50 for 10.

opulifolia. See Opulaster.

prunifolia. See Opulaster.

prunifolia plena (prunifolia fl.-pl.) Bridal Wreath. Shining, dark green foliage, turning orange in fall. Small, double, white flowers, borne close to the branches, making long, snow-white garlands. Tall. 3 to 4 ft., 90 cts. each, $7 for 10.

Reevesiana. Slightly drooping shrub, covered in May with clusters of single white flowers. Leaves remain dark green into winter. Tall. 3 to 4 ft., 75 cts. each, $5.50 for 10.

—flore-pleno. Double Reeves Spirea. Similar to the preceding in growth and foliage. Flowers are double white. Each 10
2 to 3 ft. ........................................... $0.70 $0.50
3 to 4 ft. ........................................... 0.90 1.00

Sorbaria Vanhouttei

semperflorens. Erect grower, with nicely cut leaves and large clusters of pretty pink flowers in July and August. Tall. 3 to 4 ft., 75 cts. each, $5.50 for 10.

Symphoricarpus racemosus

Spiraea Thunbergii. Graceful; flowering early in spring, the first to bloom; branches slender and drooping. Small, bright green leaves which give a light, feathery appearance. Pure white flowers. Dwarf. Each 10
1 1/2 to 2 ft. ........................................... $0.75 $0.95
2 to 3 ft. ........................................... 1.00 1.00

Vanhouttei. Forms a graceful, pendulous bush, 6 feet high; surpasses all other Spireas with its superb beauty and gracefulness. Pure white flowers. Fine subject for hedging or specimens. Each 10
2 to 3 ft. ........................................... $0.75 $0.50
3 to 4 ft. ........................................... 0.90 0.50

STAPHYLEA colchica. Bladder Nut. One of the finest, early-flowering shrubs; handsome, pale green leaves; flowers white, fragrant and disposed in clusters. 2 to 3 ft., $1 each.

STEPHANANDRA flexuosa. Graceful, pendent, fountain-like habit of growth. The leaves are finely and delicately cut. Flowers are creamy white and produced in the greatest profusion. In the autumn the foliage assumes brilliant reddish tints. Each 10
1 1/2 to 2 ft. ........................................... $0.75 $0.60
2 to 3 ft. ........................................... 0.90 0.75

SYTRAX japonica. Leaves resemble those of the dogwood; nodding, pure white flowers, bell-shaped and arranged in pendulous groups. Each 10
3 to 4 ft. ........................................... $1.00 $0.80
6 to 8 ft. ........................................... 2.00

Obassia. Rare shrub or small tree, with beautiful, white, fragrant flowers in May, produced in long racemes. Distinct, very large, round leaves with their stems encasing the bud. Each 10
4 to 5 ft. ........................................... $5.00 $6.00
5 to 6 ft. ........................................... 7.50

SYMPHORICARPUS racemosus. Snowberry. A popular hardy shrub, of medium size and bushy form; leaves oval and smooth; small pink flowers in summer, followed by large, waxy white berries in autumn, persisting into midwinter. Each 10
2 to 3 ft. ........................................... $0.75 $0.50
3 to 4 ft. ........................................... 0.90 0.75

vulgaria. Coralberry. Vigorous and quick grower; covered with purple berries all summer. Excellent for wood margins. Each 10
1 1/2 to 2 ft. ........................................... $0.75 $0.50
2 to 3 ft. ........................................... 0.90 0.75

—variegatus. Variegated Coralberry. Shrub of low-growing habit, with delicately variegated foliage. 2 to 3 ft., 90 cts. each, $7 for 10.
Lilacs have a prominent part in this planting

**Syringa - Lilac**

This is, without doubt, one of the most popular spring flowers, not only in the garden, but for cutting. Its sweet fragrance permeates the air and the beautiful shadings seem to have reached the height of delicate and refined beauty.

The Lilacs are extensively used wherever planting is done. They are planted singly as well as in masses in the lawn, but when massed the effect produced readily establishes the great value of these plants. The Lilacs may be used also in the shrub borders, for screening, and, in fact, for almost any purpose where heavy, luxuriant foliage and large shrubs can be used.

In general, Lilacs will flourish in any good garden soil, but really prefer a loam of heavy composition. This will tend to make both larger plants and larger and more abundant panicles of flowers. Lilacs, too, are naturally fast-growing plants. To keep them at their best over a period of years, occasional loosening of the soil, together with applications of liquid cow-manure, will bring ample reward in the form of luxuriant plants. Two pounds of bone-meal per plant, mixed in the soil before planting, will also help considerably for several years.

After the plants have flowered, in May, it is very important to remove the wilted blooms immediately before the seed-pods develop, as these will be detrimental to the development of the flower-buds for the following year. The necessary pruning, too, should be done immediately after the flowering season, because if done early in spring before the bloom comes, many flower-buds will be cut away.

**SYRINGA japonica.** A tree-like form, with glossy, leathery leaves. It is quite hardy and the yellowish white flowers come after other Lilacs are through blooming. 1½ to 2 ft., 90 cts. each.

**Josiksea.** Hungarian Lilac. Violet flowers and shining dark green foliage; valuable for its late blooms; single. Each 2 to 2½ ft. $1.00; 2½ to 3 ft. $1.25

**persica.** Of more slender growth than the common Lilac; purple flowers in immense spikes. Each 2 to 3 ft. $0.85; 3 to 4 ft. $1.00

**—laciniata.** Foliage beautifully cut, and fragrant pale purple flowers. Each 2 to 3 ft. $0.85; 3 to 4 ft. $1.00
**HYBRID LILACS**

We carry an excellent collection of Hybrid Lilacs in stock, about 150 varieties, in various sizes from 2 to 10 ft. As it is very difficult to list all of these in this catalogue for the reason that in a short time many varieties may be sold out, we issue a special list which is kept up-to-date from week to week.

**OUR SPECIAL LIST OF 150**

**HYBRID LILACS WILL BE MAILED UPON APPLICATION**

---

**TAMARIX odessana.** Slender, irregular shrub with feathery foliage and small, delicate pink flowers borne in long racemes. Each 10

- 2 to 3 ft. ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ... ......
**Viburnum Sieboldii**

**Viburnum Lantana.** Wayfaring Tree. The large, white flower-clusters open in May, followed by red fruits; has peculiar soft foliage. Each 10
- 2 to 3 ft. $0.90 $0.50 $1.00
- 3 to 4 ft. $7.50 $8.50 $8.90

**Lentago.** Sheepberry. Bright green leaves and fragrant, yellowish white flowers. Fruit oval and black. 2 to 3 ft., 90 cts. each. $9.50 for 10.

**molle.** Common Viburnum. Of robust habit, with dark green, hairy foliage and large blooms.
- 2 to 3 ft. $0.65 $0.90 $1.00
- 3 to 4 ft. $0.90 $1.00 $1.25

**nudum.** Upright grower, with thick leaves and yellowish white flowers, changing to pink; dark blue fruit. 4 to 5 ft., $1.25 each.

**Opulus.** High Cranberry. Very fine in flower, and berries are scarlet. Leaves are three-lobed and coarsely toothed.
- 2 to 3 ft. $0.90 $0.90 $1.00
- Standards, 5 to 6 ft. in all, 3-yr. $2.00 $2.90

**nanum.** A very dwarf, compact form of the preceding, seldom attaining more than 2 feet in height; fine for edging and bordering. Pot-grown plants, 6 to 8-in., 60 cts. each, $5 for 10.

- 2 to 3 ft., 90 cts. each, $7.50 for 10.

**Viburnum Carlesi.** See page 37

**VITEX Agnus-castus.** Chaste Tree; Monk's Pepper Tree. Shrub or small tree, with strong aromatic odor; grayish, star-shaped foliage; flowers pale lilac from July to September.
- 2 to 3 ft. $10.00 $8.50 $7.00
- 3 to 4 ft. $7.50 $6.50 $5.50

**WEIGELA (Diervilia) amablis.** Vigorous and attractive shrub, with light pink flowers, freely borne on the spreading canes.

**hybrida.** Eva Rathke. A remarkably free bloomer; flowers very distinct in color, being a rich reddish purple, quite different from anything heretofore offered.
- 1½ to 2 ft. $0.75 $0.90 $1.00

**sterile.** Snowball. Globes of pure white flowers.
- 1½ to 2 ft. $0.65 $0.60 $0.75

**rosea.** Long, tube-shaped, pale yellow flowers.
- 2 to 2½ ft. $0.50 $0.60 $0.75

**ZANTHORIZA apiifolia.** Shrub Yellow-Root. Attractive, dwarf shrub, with exquisite compound leaves and slender racemes of curious, brownish purple flowers; autumnal tints are very pleasing. Herbage clumps, 50 cts. each, $4.50 for 10.

**ZENOBIA pulverulenta (Andromeda speciosa).** A low bush, with white nodding flowers in clusters. Foliage covered with bluish white beneath. Each 1½ to 2 ft. $3.00 $2.50 $2.00
- 2 to 3 ft. $3.50 $3.00 $2.50
**Hedge and Bordering Plants and Windbreaks**

From the following list a hedge of any description can be selected, either formal, natural or defensive. The hedge is a part of the grounds and garden, and in every way is more picturesque than an artificial fence.

As a general rule, hedge plants should be planted low and firm, so that the branches from the main stem apparently spring from the ground. In this way a solid hedge is acquired. In planting California Privet for hedge purposes, it is well to set the plants an inch or two deeper than the union of the lower branches with the main stem. This causes the plants to sprout close to the ground and form a close, thick hedge.

If a dense hedge is desired, prune back hard for two or three years, as this encourages growth from the base. Where a wide hedge is required, dig a trench not less than 2 feet wide, and place the plants alternately at the distances noted in parentheses.

Hardy Vines

Field- and Pot-Grown

**H**ardy Vines and Climbers do much toward beautifying a home in covering banks and bare spots, and giving beautiful shade and fragrance to the pergola and veranda. There is a charming diversity of habit and variety, so that kinds may be selected to harmonize with every surrounding. By careful selection, a succession of bloom may be had.

Some vines are best suited for shade, while others are distinctly of value for the embellishment they give to the house, porch or veranda, by reason of the large beautiful flowers they bear. Among these might be specially mentioned the various large-flowering Clematis and the different forms of Wisteria. Most of them require some support, but the Ampelopsis, Hedera, etc., climb by aerial rootlets and will cling to brick, stone, or rough wood surfaces. These are very useful for softening the rough corners of the house, and are of decided benefit to a wall inclined to be damp.

The vines should be firmly planted in a deep, rich soil, afterward watering thoroughly. An occasional top-dressing of decayed manure will assist them in making a strong growth.

**ACTINIDIA arguta.** Japanese climbing plant, with shining, dark green foliage. Flowers white, with purplish center, covering the whole vine. Edible fruits. Pot-grown plants, $1 each, $8.50 for 10.

**polygama.** Silver Sweet Vine. Excellent for covering walls, large trellises and screens. It has broadly lanceolate, bright green foliage, flowers white, with black anther, fragrant and very freely produced; fruit edible. Pot-grown plants, $1.25 each.

**AKEBIA quinata.** One of the best climbers, bearing numerous bunches of violet-brown flowers, which have a pleasant cinnamon odor. Leaflets are dark green and arranged five on one stalk. Very ornamental and of graceful appearance, giving dense shade; does best in sunny places. Pot-grown plants, $1 each.

**AMPELOPSIS heterophylla.** Well adapted for covering rocks and low trelliswork; very pretty, three- or five-lobed; handsome in autumn, with its abundance of light blue berries. Pot-grown plants, $1.25 each.

**quinquefolia.** Virginia Creeper. Very large, green foliage, changing to brilliant scarlet in the fall; grows quickly and clings very firmly to walls, etc., when once established. Each, 10

Field-grown plants, $5 to 7 ft.... $0 50 $3 50
Pot-grown plants, strong, 5 to 6 ft. 1 00 6 00

**Amelopsis Engelmannii.** Similar to the preceding, with smaller and more dense foliage. Each 10

Field-grown plants, 5 to 7 ft.... $0 50 $3 50
Pot-grown plants, strong, 5 to 6 ft. 1 00 6 00

**tricuspidata Lowii (Lowii).** New Japanese Ivy. Like A. Veitchii, it clings to the smoothest surface. The small, prettily lobed foliage changes to a brilliant crimson in autumn. Pot-grown plants, $1 each, $7.50 for 10.

Field-grown plants, 2-yr........ $0 65 $5 50
Pot-grown plants, strong......... 75 0 00

—atropurpurea. New. Similar in habit to the preceding, but leaves are much darker. Pot-grown plants, $1 each, $8 for 10.

—robusta (Veitchii robusta). An entirely new variety, identical in many ways with the popular A. Veitchii, or Boston Ivy, but having very rich, dark-colored foliage and more robust habit; it is quicker in growth. Each 10

Field-grown plants, 2 yrs........ $0 60 $5 50
Pot-grown plants.................. 75 0 00

Aristolochia Sipo covering porch
ARISTOLOCHIA Siph. Dutchman's Pipe. A vigorous and rapid-flowing climber, bearing striking brownish colored flowers, resembling a pipe in shape; very large, round leaves, giving a tropical effect. Pot-grown plants, $1.50 each, $13.50 for 10.

BIGNONIA (Tecomia) grandiflora. Chinese Trumpet Vine. Bright green, compound leaves, very persistent. Its clusters of orange-red flowers are very showy. Pot-grown plants, $1 each, $8 for 10.

radicans. Common Trumpet Vine. A splendid climbing vine, with large, brilliant orange-scarlet flowers in July and August, when it is a fine spectacle. Each 10 Pot-grown plants, strong... $0.75 $0.60

CELASTRUS scandens. False Bittersweet. A native vine, of rapid growth, with large leaves and yellow flowers; the bright orange-colored pods split cross-wise, disclosing scarlet seeds, and together these form a bright spot all through the winter. Field-grown plants, 75 cts. each, $6 for 10.

CLEMATIS. These beautiful and attractive vines are constantly in demand, and cannot be excelled where brilliant color effects are desired. Valuable for verandas and trellises. They like a moist, loamy soil and a rather sunny position, growing without any care and giving a rich display.

Strong pot-grown plants, except where noted, $1 each, $9 for 10

Hybrid Large-flowing Varieties—

Florida, Duchess of Edinburgh. Double; white; fragrant.

Jackmanii. One of the best; large, rich, velvety purple flowers in profusion.

—Henryi. Large; creamy white; fine form.

—Mme. Edouard Andre. A very fine variety with bright red flowers.

coccinea. Not a Hybrid. A fine climber from Texas growing to a height of 6 feet. It has glaucous leaves and bears solitary pitcher-shaped carmine or scarlet flowers. Pot-grown plants, 85 cts. each, $7.50 for 10.

montana rubens. Pot-grown plants, $1.25 each, $10 for 10.

paniculata. Japanese Virgin's Bower. The most useful and beautiful of hardy vines; a luxuriant grower, profuse bloomer, with fine foliage. The white flowers are very pretty, fragrant, and resemble snowflakes in late summer. Each 10 Strong, field-grown plants...... $0.50 $0.40

Pot-grown plants,...... $0.75 $0.50

virginiana. Common Virgin's Bower. A strong-growing climber, with prettily cut foliage, producing a profusion of white flowers in August. Field-grown plants, 75 cts. each.

EUONYMUS radicans. Very hardy, dense-growing trailing vine; dull green leaves, with whitish veins; grows rapidly; self-clinging. Each 10 Field-grown plants, strong...... $0.50 $0.35

Pot-grown plants, strong...... $0.75 $0.50

—acuta. A rooting and climbing shrub with pointed leaves. Pot-grown plants, strong, 85 cts. each, $6.50 for 10, $40 per 100.

—Carrierei. Low-growing, with spreading branches and shiny green leaves. Pot-grown plants, strong, 75 cts. each.

—minimus, kewensis. A valuable little trailer, with cheerful, small, round green leaves. Pot-grown plants, 75 cts. each.
Euonymus radicans variegatus. Fine vine, with clinging tendrils. Compact; variegated, small leaves.

Field-grown plants, Each 10 100
strong 75 $5 50 $35 00
Pot-grown plants, strong. 75 5 50 35 00

—vegetus. A pretty low-trailing evergreen with aerial rootlets which cling to any support. Has round leaves and produces an abundance of showy red fruits with yellow pods.

Pot-grown plants, strong. Each 10 100
2-yr. .......... $0 50 $3 50 $25 00
Extra-strong pot-grown plants, 1 00 8 50 75 00

HEDERA canariensis (helix canariensis). Irish Ivy. Large, handsome, dark green foliage, fine for covering; needs shading during winter months. Pot-grown plants, $1.25 each.

Helix. English Ivy. This is the popular, well-known variety, and has proved perfectly hardy. Is now very extensively used in this country for covering brick and stone walls and dwellings. Pot-grown plants, 60c. each, $4.50 for 10, $40 per 100.

Pot-grown, trained on sticks—
Each 10
2½ to 3 ft. high. .......... $0 85 $6 50
3 to 3½ ft. high. .......... 1 25 10 00
Specimens with many branches trained on sticks—
4 to 5 ft. .......... 2 00 17 50
5 to 6 ft. .......... 3 00 25 00
Globe-shaped—
Pair
Globe 2 ft. diam., total height 3 ft. .......... $25 00
Globe 2½ ft. diam., total height 3½ ft. .......... 30 00
Hanging-baskets, 5/5 each.

—arborescens. Tree Ivy. Very ornamental; produces an abundance of varicolored berries in winter. $1.50 each.

—Canwoodiana. Leaves small, blackish green, with whitish veins. An excellent ivy for walls. $1.50 ea.

HUMULUS Lupulus. Hop Vine. The Hop has fine, large, three-lobed leaves, rough on both sides, giving a fine shade and making an excellent arbor or screen plant, producing its loose and paper-like, straw yellow hops in the fall. Strong pot-grown plants, $1 each, $8 for 10.

JASMINUM nudiflorum. Naked-flowering Jasmine. Branchlets green and four-angled, bearing pretty yellow flowers before the little hairy leaves appear in March. Pot-grown plants, $1 each, $7.50 for 10.

LONGICERA Flava. Yellow Trumpet Honeysuckle. A choice and rare species, with bright yellow flowers, arranged in clusters, and glaucous foliage; handsome scarlet berries in fall. Pot-grown plants, 85 cts. each, $6.50 for 10.

—Halliana. Hall's Japanese Honeysuckle. A strong grower and constant bloomer. Flowers open white, changing to buff; very fragrant; delicate looking; a choice variety. Pot-grown plants, 50 cts. each, $3.50 for 10, $30 per 100.

Periclymenum (belgica). Fragrant Dutch Honeysuckle. Flowers bright red outside and yellow inside; fragrant; blooms all summer. Pot-grown plants, 85 cts. each, $6.50 for 10.

LYCIUM europeum. Pale violet flowers with reddish veins. Has broader leaves and erect branches; really a shrub. 85 cts. each, $6.50 for 10.

PERIPLOCA graeca. Silk Vine. A high-growing climber, with numerous, handsome, very narrow, dark green, shining leaves. The fragrant, star-shaped flowers are chocolate-brown in color. Pot-grown plants, easy to transplant. $1.25 each, $10 for 10.

POLYGONUM Auberti. Silver Lace Vine. A strong, vigorous vine, growing to 25 feet. During the entire summer and fall it is covered with a great foamy spray of white flowers. It readily adapts itself to climatic conditions throughout the northern states and thrives in any fairly good soil. Pot-grown plants which transplant easily. $1.25 each, $10 for 10.

Lonicer Halliana

Bobbink & Atkins

42
Polygonum baldschuanicum. A useful climbing plant; perfectly hardy; a strong grower, covering itself with a sheet of snowy white flowers, delicately suffused with pink, and borne in long racemes. Particularly fine when allowed to scramble over old trees. Pot-grown plants, $1.25 each, $9 for 10.

PUERARIA Thunbergiana. Kudzu Vine. A most remarkable rapid-growing vine, unparalleled for ornament and shade. Produces a multitude of graceful, hairy, twining stems, 40 to 50 feet long in a season. The numerous leaves are dark green and of a soft, woolly texture. The purple, pea-shaped flowers, borne in racemes 4 to 6 inches long, are suggestive of miniature clusters of wisteria.

SUMMER

*Red Astrachan. Large; very handsome; juicy; very hardy, a good bearer. Aug.

*Yellow Transparent. Medium; skin pale yellow when ripe; flesh tender and juicy, with very pleasant flavor; very productive. Aug.

AUTUMN

Duchess of Oldenburg. Medium; pale yellow, streaked red; bears young and is good cropper; useful for all purposes. One of the finest Apples for market, as it is always in demand and brings higher prices than most other varieties. Aug., Sept.

*Gravenstein. Very large; pale yellow, with red streaks; finest quality; very productive. Sept., Oct.

WINTER

*Baldwin. Large; bright red; crisp, juicy and rich; one of the most popular and profitable sorts for any purpose. Dec.–March.

*Delicious. Large; dark red; aromatic; flesh juicy and of sprightly flavor. One of the finest Apples. Nov.–Jan.

*King of Tompkins County. A beautiful red Apple, of the largest size and finest quality; rich, agreeable flavor. Nov.

*McIntosh Red. Large, round; bright red; flesh white, tender, subacid; a regular, annual bearer; well known and largely planted. Nov.–Feb.

*Northern Spy. Large; handomely striped; flesh rich and of high flavor. One of the finest Apples for any purpose. Dec.–April.

Rhode Island Greening. Large, round; skin greenish yellow; flesh yellow, juicy. An old-time favorite for cooking. Dec.–April.

Roxbury Russet. Greenish yellow, with bronze cheek; tender, yellow flesh, juicy and richly flavored; very productive. Nov.–Dec.

*Winter Banana. Large; golden, shaded red; flesh firm, with an agreeable subacid flavor; good keeper. Dec.–April.

CRAB-APPLES

*Whitney. Large; skin smooth, glossy green, striped and splashed with carmine, flesh firm, juicy and very pleasant flavor. Late Aug.

Apricots

4 to 5 ft., $1 50 each, $13.50 for 10

Alexander. Russian. Large, oblong fruit, mottled with red; flesh yellowish, sweet. Delicious flavor. Very hardy and productive.

Moorpark. Fine and large; yellow, with red cheek; flesh orange, sweet, juicy and rich. Late July.

Figs

Each 10

Field-grown, 1½ to 2 ft............ $1 00
In pots............................ 2 00

Celestial. Pale violet; sweet and tender; finely flavored; an excellent variety. Vigorous and productive.
Cherries

Each 10
4 to 5 ft. .................................................. $1.50 $14.00
5 to 6 ft. .................................................. 2.00 17.50
6 to 7 ft., extra-heavy, 2 1/2-ft. stem, well-formed crown ....... 6.00 55.00
7 to 8 ft., extra-heavy, bearing age ................................ 10.00 90.00

Oxhearts
Black Tartarian. Very large; purplish black; flavor mild and pleasant; very productive; late June.
Governor Wood. Round heart-shaped; light yellow, shaded with bright red; juicy and rich flavor. Vigorous and productive. Late June.

Bigarreaus
Napoleon. Extra large; pale yellow, with bright red cheek; firm, sweet and juicy. Vigorous and productive. July.
Schmidt’s. One of the largest; deep mahogany; dark flesh, very juicy and rich flavor. An excellent dessert variety. Early July.
Windsor. Large; flesh firm and of fine quality. A regular, productive cropper. Late July.
Yellow Spanish. Large; pale yellow, with bright red cheek; vigorous and productive. Splendid for dessert. Late June.

Dukes and Morellos
*Baladin. Early. Dark red fruit, slightly acid, yet one of the sweetest and richest of the Morello class.
*Dyehouse. Early. Dark red; tender; sprightly, tart; of very good quality. Nearly freestone.
*Early Richmond. Medium size; dark red; flesh juicy and rich; valuable for cooking and preserving. Late May.
Montmorency. Large; red; rich, acid. Very hardy and productive. Early June.
English Morello. Large; dark red; very juicy, sub-acid. Late July.
Ostheim. Late. Dark red, approaching black; tender and melting; tart, losing its astrigency when fully ripe.

Pears

Each 10
4 to 5 ft. .................................................. $1.50 $13.50
5 to 6 ft. .................................................. 2.00 18.00
7 to 9 ft., extra-heavy trees with a 3-ft. stem and well-developed crown ........................................... 3.50 31.50

Summer
Bartlett. A very popular variety; large and shapely; of melting, luscious flavor; clear yellow. Middle to late Sept.
Clapp’s Favorite. Large; pale lemon-yellow; flesh fine, juicy and buttery, of vinous flavor. Aug.
Roxley. Medium to large; flesh yellow; melting, sweet, perfumed; quality best. Sept.
Wilda. Greenish yellow, with brownish red cheek; sweet and pleasant flavor. Vigorous and great bearer. Early Aug.

Autumn
Duchesse d’Angouleme. Large and extra-fine in quality; flesh white and very juicy, with a rich, vinous flavor. Very abundant. Oct., Nov.
Kieffer. Large; golden yellow when ripe; flesh slightly coarse, juicy, with quince flavor; fine for canning. Oct., Nov.
Seckel. Small; yellowish russet; flesh whitish, buttery, very sweet and melting. The hardest and healthiest of all. Sept., Oct.
Sheldon. Large, round; yellowish russet and red; brisk, aromatic flavor, rich and delicious. Oct., Nov.

Peaches

Each 10
4 to 5 ft. .................................................. $0.75 $6.50
5 to 6 ft. .................................................. 1.00 9.00

Bell of Georgia. Freestone. Large; white; red cheek; flesh white, firm and sweet. Aug.
Carman. Freestone. Large; pale yellow, blush cheek; tender, juicy flesh. Aug.
Crawford’s Early. Freestone. A large magnificent yellow Peach of good quality; one of the most popular varieties. Aug.
Crawford’s Late. Freestone. A superb yellow; excellent quality; juicy, sweet flesh, Sept.
Elberta. Freestone. Large; yellow, with red cheek; flesh firm, yellow, juicy; of fine quality. A grand Peach. Early Sept.
Greensboro. Semi-cling. Yellow, with crimson cheek; flesh white, very juicy and sweet. Early July.
Hale’s Early. Freestone. Medium; flesh white, fine quality, very melting and rich flavor. Middle of Aug.
Mountain Rose. Freestone. Large and round; skin whitish, shaded with dark red; flesh white and juicy. Middle of Aug.

Peaches for Forcing
$3.50 to $5 each
Crawford Early ........................................ Crawford Late
Thomas Rivers ........................................ Duke of York
Peregrine ........................................ Klooester

Nectarines for Forcing
$3.50 to $5 each
Pitmastone Orange .................................. Pineapple
Lord Napier .......................................... Spencer
Red Roman .......................................... Rivers Orange
New White ........................................ Cardinal

Mulberries

Each 10
5 to 6 ft. .................................................. $1.00 $9.00
6 to 7 ft. .................................................. 1.50 13.50

Downing’s Everbearing. Of fine, rapid growth, with large foliage; an attractive tree for the lawn, and bearing delicious purplish berries, which have a sprightly, vinous flavor.
White (Morus alba). Small, white fruit, deliciously sweet and tender.
Plums

Abundance. Very large, oblong; amber-color, nearly covered with red and overspread with a thick bloom; flesh orange-yellow, juicy, melting and sweet; stone small and free. Strong-growing and early-bearing. Aug.

Grapes

The vines should be planted about 6 feet apart.

Burbank. Similar to Abundance, but of deeper color ripens about two weeks later; one of the best Japanese Plums. Early Sept.

German Prune. Large, long oval; dark purple; fine for drying; agreeable flavor. Sept.

Imperial Gage. Large; green, yellow when ripe; flesh tender, juicy and of delicious flavor. Very productive. Middle Aug.

Lombard. Medium, oval; violet-red; flesh yellow, juicy and pleasant. Vigorous, hardy and a good bearer. Late Aug.

October Purple. Large, round fruit; dark reddish purple; yellow flesh, superb quality. Sept., Oct.

Satsuma. Large; purple and red, thick bloom; flesh blood-color, firm and juicy. Aug.

Shropshire Damson. Small, oval; purple, with blue bloom; flesh yellow, melting and juicy. One of the favorites. Sept., Oct.

Apple, or Orange. Large, roundish, with small neck; bright golden yellow. Very productive. Oct.

Champion. Large to very large, oval; bright yellow; flesh tender, fine quality; long keeper. Bears very young. Oct.

EVERBEARING RASPBERRIES, continued

Perpetual Superlative. While this very wonderful variety was introduced several years ago, it is as yet little known. The red berries are very large and firm. It is a heavy cropper and bears until frost.

**AMERICAN RASPBERRIES**

$1.25 for 10, $10 per 100

Columbian. Very large; dark red; of high flavor, fine for canning. Productive, hardy and vigorous.

Cuthbert. Queen of the Market. Red; very large and firm; sweet and luscious.

Herbert. Very large berry and a heavy cropper. It has a distinctly rich flavor and is all meat. Extremely hardy.

Marlboro. Large; crimson; fine flavor. Early and productive and very lasting.

St. Regis. Perpetual. Bright crimson; large berries, all through summer and fall.

**BLACKCAPS**

$1.25 for 10, $10 per 100

Black Diamond. Very large; ripens early; very sweet and of fine flavor; pulpy; few seeds.

Cumberland. Very large, glossy berries; firm, juicy and sweet. Heavy cropper.

Kansas. Very large; firm and of excellent quality.

**Himalaya Berry**

25 cts. each, $2 for 10

This luscious berry is black, and borne in enormous clusters in constant succession through the summer until frost. They are large and firm, yet melting and sweet, and first-rate for dessert or preserving.

**Japanese Wineberry**

$1.25 for 10, $10 per 100

A profitable new berry for preserving and cooking. It endures all climates. The canes are covered with long red hairs, and are very ornamental. A prolific grower and carries large clusters of fruit, often 75 to 100 berries of a scarlet wine-color; sweet in flavor, very juicy, with small seeds.

**Blackberries**

Plant same as raspberries.

$1.50 for 10, $12 per 100

**Agawam.** Medium size; jet-black and sweet; fine early variety.

**Ancient Briton.** Medium size; tender, without core; luscious, sweet berries. Hardy and prolific.

**Eldorado.** Medium size; jet-black; pleasant, melting flavor, sweet and rich. The vine is very hardy and productive.

**Kittatinny.** Large; glossy black; sweet and juicy; excellent when fully ripe; fine for dessert or preserving.

**Rathbun.** Extra large; jet-black, glossy and of good quality. Perfectly hardy.

**Snyder.** Medium size; sweet and melting. Very hardy and enormously productive.

**Lucretia Dewberry**

$1.50 for 10, $12 per 100

Plant the same as raspberries. A trailing variety of the blackberry; remarkably productive; ripens between the raspberry and the blackberry; fruit large and handsome, and there is always a big demand for them in market.

"Rutherford Park" Lawn Grass Seed

Our "Rutherford Park" Mixture will make a close, thick turf in a very few weeks. It roots deeply, enabling it to withstand severe droughts, consequently maintaining its beautiful rich green color the entire season. The "Rutherford Park" is no doubt the cheapest Lawn Grass seed offered; not particularly on account of the price, but more from the points of quality and quantity of seed to the bushel, which contains 21 pounds of the finest kinds and varieties of grasses used for lawn purposes. We believe this mixture to be among the best now on the market, and we ask our customers carefully to consider this before placing their orders.

We will supply any quantity our customers may desire, to meet the needs of the ground on which it is to be sown. The quantity required for making new lawns is 4 to 5 bushels to the acre; for renovating old lawns, 1 to 2 bushels. For a new plot 15 x 25 feet, or 375 square feet, two quarts are required, and one quart for renovating old lawns of the same dimensions.

35 cts. per qt., $2.50 per pk., $9 per bus.

**Fertilizers for Lawn, Garden, and Greenhouse**

Bedding Plants or Annuals

FINE collection of bedding plants is one of our hobbies. These plants are most desirable for decorative purposes, especially because they flower throughout the entire season, from late spring to late fall, and because they give immediate results. Of all plant-life, the annuals are probably the most widely known.

The uses of bedding plants are numerous. In fine perennial gardens, annuals are readily adaptable in filling gaps or in planting between perennials which have already bloomed, in order to keep a mass of color in those parts of the garden. These will also supply cut-flowers in quantities, for most annuals bloom more profusely after proper cutting.

Where fine mosaic beds, as well as smaller flower-beds, are made, annuals are always used, not only for their usefulness in the design but also for the colors of both the flowers and the leaves.

Where is there a person living in the city, or even in the country, who does not think of window-boxes filled with dainty, colorful flowers in the summer? And attractive porches with their decorative potted plants are never quite complete without a little splash of color here and there as supplied by the long-blooming annuals. Even the trellys may be tastefully covered with flowers by using the climbing type of annuals, such as the Nasturtium.

Our following collection of bedding plants are pot-grown, consequently they are easily handled for planting and will grow immediately.

Ask for our Special Catalogue of Roses. Also Catalogue of Hardy Herbaceous Plants
Cannas

Of all summer bedding plants, the Cannas stand out as the most effective. The large trusses of flowers in their wide range of colors practically eclipse anything in their surroundings. These strong-growing, bulky plants, surmounted with tremendous flower-trusses, thrive during the summer months in all sections of the country. They bloom throughout the entire season until nipped by the frost. Their massive foliage, in shades of green, bronze, and chocolate, make them very useful as a background or low screen, although they are mostly used in beds and borders.

Planted in masses, they are most effective when one variety only is used. In beds, lower-growing varieties can be used near the edges, with the taller ones to fill in the centers.

They thrive in almost any kind of soil as long as they are in a sunny position. However, it is well to loosen the ground to a depth of 1 1/2 to 2 feet and to apply a reasonable proportion of any manure before planting. Plenty of water should be given at all times. The proper distance for planting is about 2 feet apart.

City of Portland. 3 1/2 ft. Without doubt, one of the finest, really worthwhile, pink Cannas. The great, full-petaled trusses of deep, warm pink are borne very freely and hold well throughout the summer. $2.50 for 10, $18 per 100.

King Humbert. 4 to 4 1/2 ft. One of the handsomest Cannas ever offered. The immense heads of orchid-like flowers present a unique sight. Individual petals are very large. The orange-scarlet blooms surround beautiful, vigorous, deep bronze foliage. $2 for 10, $15 per 100.

Mme. Crozy. 3 1/2 ft. A medium grower with green foliage and girt-edged, rosy scarlet flowers. $2 for 10, $18 per 100.

Mrs. Alfred F. Conard. 4 ft. Splendid, broad heads, clean and full petaled; silver-peach-pink. One of the favorites. $3 for 10.

Prince Wied. 3 ft. Large trusses of velvety blood-red flowers; foliage green. $2 for 10, $15 per 100.

Richard Wallace. 4 ft. A well-known variety. Large canary-yellow flowers. One of the best bedders. $2 for 10, $18 per 100.

Rosea Gigantea. 4 ft. Extra-large flowers in great profusion. The fresh green foliage is surmounted with uniform deep rose, almost carmine, flowers. $3 for 10, $20 per 100.

The Ambassador. 5 ft. One of the most effective Cannas, with healthy bronze foliage and brilliant cherry-red flowers. Blooms earlier and more freely than The President. $3 for 10, $25 per 100.

The President. 5 ft. Without doubt the greatest of the red Cannas. The flowers are of immense size, often 7 inches across, of excellent quality and borne in the greatest profusion. The glowing scarlet color stands out brilliantly from the bright green leaves of this bedding plant. $2 for 10, $18 per 100.

Wyoming. 6 ft. A tremendous grower with bronze-purple foliage. Immense spikes of large, massive, orange flowers. $2 for 10, $15 per 100.

Yellow King Humbert. 4 1/2 ft. A sport from the bronzed-leaved, red-flowering King Humbert. Flowers are yellow, dotted orange-scarlet. Occasionally, a stalk will revert to the bronze foliage of King Humbert. $2 for 10, $13 per 100.

ROSES BY BOBBINK & ATKINS is the title of our remarkable new rose catalogue in which nearly 800 varieties are accurately described and more than 100 illustrated in color.

HARDY HERBACEOUS PLANTS is the name of our catalogue of Hardy Perennials which includes practically all the hardy herbaceous plants which are worth growing in America. We shall be pleased to send a copy of either of these catalogues to any one who is interested in planting either Roses or Perennials.
Plant-Tubs and Boxes for Porches and Lawns

Much can be said in praise of the wood our tubs are made from, namely, "Heart Cypress," but briefly it has proved to be decidedly superior to all other woods, not only in durability but in appearance. It does not need a coating as a filler, as the wood naturally contains a certain amount of oil. Consequently it does not warp, shrink, or swell, and in general it is the wood for plant-tubs.

Our workmanship on these tubs is equally good. No tub goes from our shops that has not been thoroughly made, and made to last for years, and our tubs are serviceable for practically every situation.

Sometimes architectural features will call for a more decorative tub, and for such purposes we have designed various other kinds in addition to the ordinary round tub.

Among them the most popular are the square tubs Nos. 1, 2, 12, 13. No. 13 being illustrated here. The prices have been computed so as to be as low as it is possible to make them, consistent with the quality of tub we turn out.

If you need tubs, buy good ones, and they will last you for many years. Most tubs, of course, look alike in the store when they are freshly painted, but it is only after using them for a year or so that their value can be realized.

Bobbink & Atkins' tubs are made not only to look nice, but to last. The designs here mentioned are a few of the many that we make. If you need a special design, we can make it, and will be glad at any time to quote you a price upon any size you may need, if you will be kind enough to furnish a rough sketch showing desired shape.
